

JEWEL

VERTICAL 4 LIGHT

Jewel is formed of blown glass with a pronounced geometric detail in clear glass. Constructed in various configurations with a range of shapes / forms to provide uniformity in design throughout.

The Jewel vertical, works best singular or clustered, either over bedside locations or narrow voids.

Destined for high end luxury residences. Large voids and high ceilings are ideal locations for this impressive modern statement piece.

Made to order exclusively from zlights, each order is carefully constructed to our strict & painstaking specifications, its time to bring a sensation of opulence and timelessness to your space.
