

# GLASS PENDANT

## REPLICA SELENE

IP20

DIM

This stunning pendant light is a replica of a design favourite. The Classicon Selene was originally created by Sandra Lindner in 2006. Establishing herself as a skilful designer that connects movement and form beautifully, this pendant light is a natural result.

Made from clear, blown glass, the sphere is centrally suspended by a 5-arm, powder-coated metal light head. It is a striking, attractive material match. An insect protection cover cleverly helps to prevent bug intrusion.

- Includes: 1 x pendant light
- Bulb not included
- Diameter of ceiling round plate for all sizes is 20cm
- Recommended bulb: LED
- With a clear, glass sphere & is centrally suspended by a 5-armed light head

### SPECIFICATIONS

DIMENSIONS	D200/300/400/500mm
SUSPENSION	6000mm (can be shortened on site by electrician)
CEILING MOUNT	Surface mounted: cone shaped
LIGHT SOURCE	Replaceable globe
CHIP TYPE	E27
