

SATURN

DISK PENDANT SERIES

The Saturn golden pendant in satin brass and glass aptly named, with its glass globe suspended by a long cable of black fabric, sports its ring, here a thin golden disc, placed obliquely on the luminous globe diffuses an intense light.

Available in two dimensions 300mm or 400mm, Saturn can be suspended alone or accompanied according to the effect that one seeks.

Perfectly suitable in corridors, master bedrooms, over island benches or strategically placed in living rooms. A great modern pendant that works with most interiors.
