

TUBE

MINIMALIST LED PENDANT

The Tube brings excitement, comfort and adapts seamlessly to the geometry of any domestic or commercial space providing a touch of magic and considerably improving ambience.

Characterised by its slender, elongated minimal design, shown in beautiful polished brass finish. A standard drop of 500cm (adjustable) makes this ideal for spaces requiring more task specific lighting, but it still provides intimate ambience for areas like dining tables or islands. It captures the classic linear design and infuses a sophistication and ultra modern charm, that brings the tube above the rest.
