BYRON BAY LUXE
SUMMER 2016

BYRON BAY LUXE COLLECTION SUMMER 2016

Byron bay is very cosmopolitan with a constant flow of international holidaymaker's that add flair and style to our already unique and eclectic community.

The collection is sophisticated and perfectly formed, featuring classic styles from triangles and bandeaus to modern shapes with a sporty bent. The one-pieces are beautifully cut and keep the detailing to the low backline.

Colours are bold - from bold red to emerald green and taupe - alongside classic black and white. Colours are also in solid blocks.

Other details are minimal but well-considered and include elements such as titanium ring detailing on bikini tops and faux tortoise shell square rings. All Miskini swimwear is made in Australia from the finest Italian fabrics.

There are no tricky ties or frivolous frills here - just streamlined shapes can easily be worn underneath a slimline tank dress to take you from beach to bar.
