Details & Design Tips

We offer two sizes of neck bands with our bow ties. Most adults will fit our standard size of 14-18", but we also offer extra-long neck bands for necks larger than 18" (+\$3 net). The size and shape of the bow itself is not customizable.

Because of the differences in how each person ties a bow tie, we cannot accommodate requests for single placement logos on the knot of bow ties. We can however add color variations to the portion of the knot that is tied.
