

BACTRACK

breath alcohol detector

Quickly and easily tests breath for the presence of alcohol and provides blood alcohol content (bac) estimate

The BACTRACK® Keychain Alcohol Detector is compact, lightweight and offers an innovative folding mouthpiece design.

The BACTRACK® Keychain Alcohol Detector is one of the smallest breathalyzers ever designed. It uses an advanced alcohol sensor to quickly and easily estimate a user's Blood Alcohol Content (BAC). Simply blow through the flip-up mouthpiece and an estimate of BAC is displayed in under 5 seconds - it's that easy! Take it anywhere and test anyone. Learn how drinking alcohol affects your Blood Alcohol Content and always make smart, informed decisions.

KEY FEATURES

- Folding mouthpiece design – sanitary and easy to share
- Compact and easy to carry; use as a keychain
- Highly accurate – contains a semi-conductor oxide sensor

Easy to carry – store in your purse or use as a keychain

Foldable mouthpiece design

Two-digit LED display
