# THE WILD BUNCH

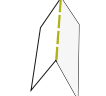

## INSTRUCTIONS (EN)

**Important: Any work with scissors or craft knife must be carried out by an adult or under adult supervision.**

-  Colour in your gang of animals in your own style!
-  Following the red dotted lines, cut out the animal templates along with the ears, tails etc.
-  Score along the green lines, then fold all of these lines to make sure you have scored them all. This will also give you a good idea of how the animal will assemble. Make sure you don't score along the tab at the front of the animal's body.
-  Start gluing each animal together, following the numbers on the tabs (glue same numbers at the same time). Make sure you hold each tab firmly while the glue dries.
- Finish by slotting in the giraffe's horns, gluing on the elephant's trunk and the lion's tail. Finally, take the lion's mane and carefully slide it onto his head, being careful to fold his ears forward as you do this.
- Stand back and admire your handiwork!

## INSTRUCTIONS (FR)

**Important : Toute tâche nécessitant l'utilisation d'une paire de ciseaux ou d'un cutter doit être effectuée par un adulte, ou sous la surveillance d'un adulte.**

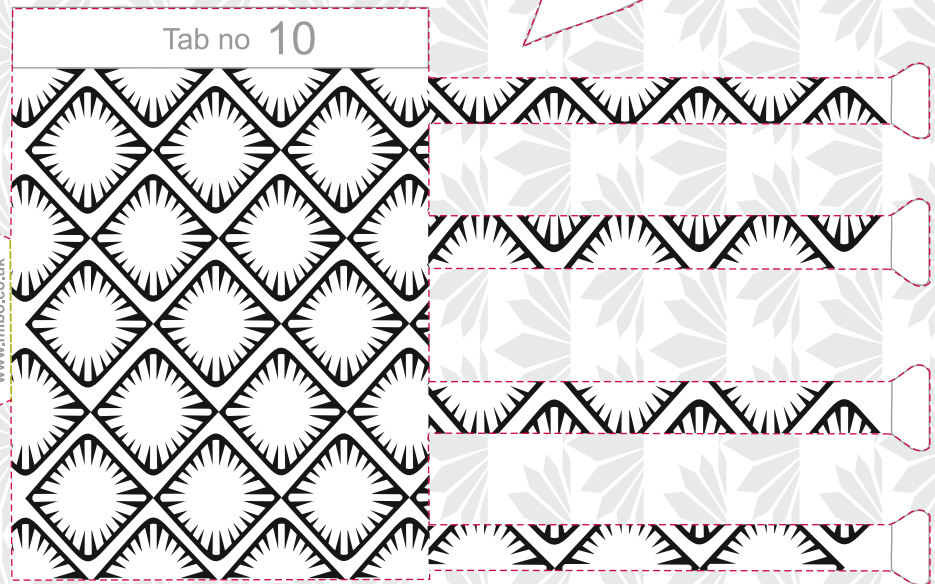

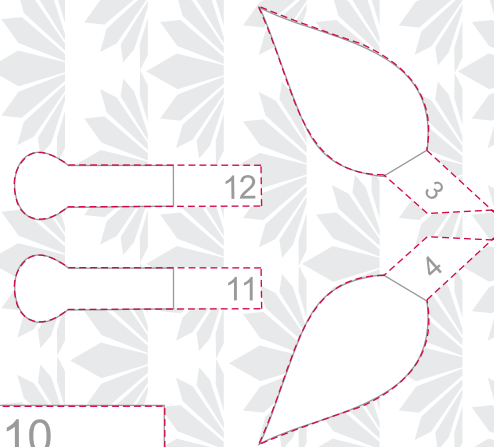

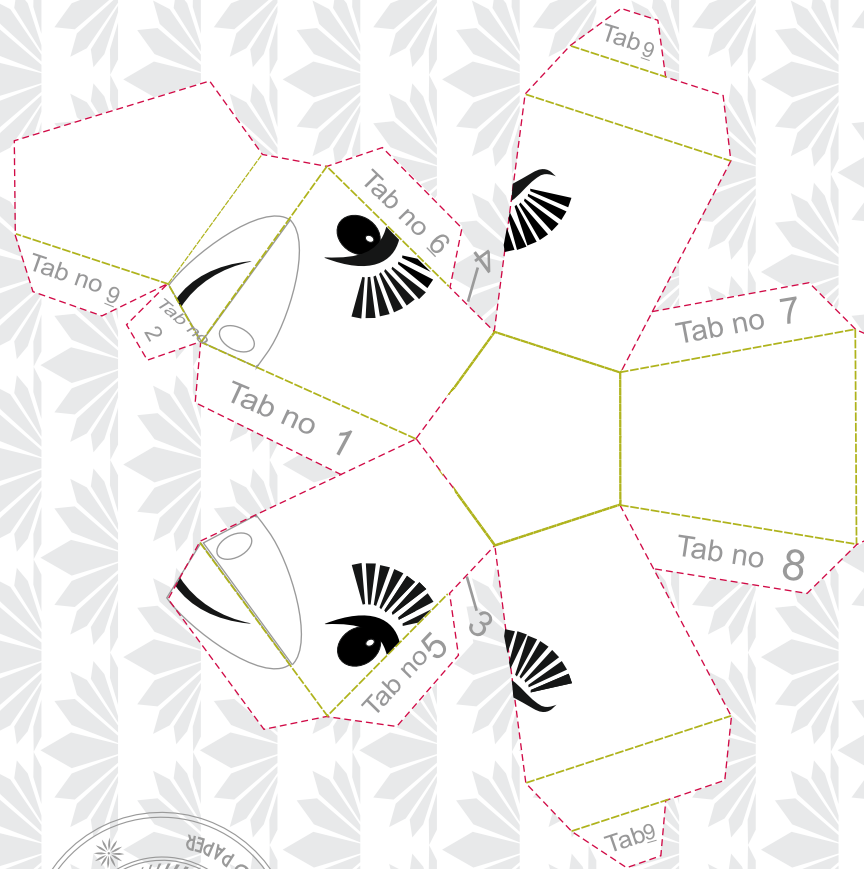

-  Coloriez les animaux avec votre propre style!
-  Découpez les patrons des animaux en suivant les pointillés rouges. (N'oubliez pas les oreilles et les queues).
-  Pliez les lignes vertes en faisant en sorte qu'elles soient bien marquées. Cela vous donnera également un bon aperçu de la façon dont votre animal s'assemble. Assurez-vous de ne pas faire de plis au niveau du corps du personnage.
-  Assemblez avec de la colle chaque animal en suivant l'ordre des numéros sur les languettes (coller les numéros identiques en même temps). Tenez les languettes bien fermement jusqu'à ce que la colle soit sèche.
- Enfin, insérez les cornes de la girafe, collez la trompe de l'éléphant et la queue du lion. Pour finir, faites glisser la crinière du lion délicatement sur sa tête, en prenant soin d'orienter ses oreilles vers l'avant.
- Reculez-vous et admirez votre travail !
