## SECTION 1 – IDENTIFICATION OF THE MATERIAL AND SUPPLIER

|                                         |                                                                                                                                    |
|-----------------------------------------|------------------------------------------------------------------------------------------------------------------------------------|
| 1.1 Product Name:                       | <b>NATURAL LIPSTICK</b>                                                                                                            |
| 1.2 UN Proper Shipping Name:            | Not Regulated.                                                                                                                     |
| 1.3 UN Technical Shipping Name:         | Not applicable.                                                                                                                    |
| 1.4 UN Number:                          | Not applicable.                                                                                                                    |
| 1.5 Australian Schedule Name:           | Not Scheduled.                                                                                                                     |
| 1.6 Recommended Product Use:            | Children's lipstick, (removable with water). Use with adult supervision.<br>Not suitable for persons under 4yo due to small parts. |
| 1.7 Company:                            | Oh Flossy Pty Ltd                                                                                                                  |
| 1.8 Australian Company Number (A.C.N.): | 637 144 355                                                                                                                        |
| 1.8 Address:                            | Suite 2.16 / 75 Mary Street, St. Peters, Sydney Australia NSW 2044                                                                 |
| 1.9 Telephone Number:                   | +614 7813 3129                                                                                                                     |
| 1.10 Email:                             | hello@ohflossy.com                                                                                                                 |
| 1.11 Web Site:                          | www.ohflossy.com                                                                                                                   |
| 1.12 Emergency Contact:                 | Poisons Information Centre Australia (T) 13 11 26; New Zealand (T) 0800 764 766                                                    |

## SECTION 2 – HAZARDS IDENTIFICATION

**Not Classified as Hazardous according to the criteria of Safe Work Australia**  
**Not Classified as Hazardous according to the European Commission Regulations**  
**Not a Dangerous Good according to the Australian Dangerous Goods (ADG) Code**  
**Not a Dangerous Good according to the International Maritime Dangerous Goods (IMDG) Code**  
**Not a Dangerous Good according to the IATA Dangerous Goods Regulations**  
**Class: Combustible Solid**  
**Not a SUSMP Scheduled Poison**

### 2.1 Hazardous Categories:

|               |             |
|---------------|-------------|
| Physical      | No Category |
| Health        | No Category |
| Environmental | No Category |

### 2.2 Signal Word:

**Not applicable**

### 2.3 Hazard Statements:

None allocated

### 2.4 Precautionary Statements:

None allocated

### 2.5 Response Precautionary Statements:

None allocated

## SECTION 2 – HAZARDS IDENTIFICATION CONTINUED

### 2.6 Storage Precautionary Statements:

None allocated

### 2.7 Disposal Precautionary Statements:

None allocated

### 2.8 Other:

None allocated

## SECTION 3 – COMPOSITION / INFORMATION ON INGREDIENTS

### 3.1 Ingredients:

| Component Entity            | CAS Number                                      | EINECS Number | Proportions (%w/w) |
|-----------------------------|-------------------------------------------------|---------------|--------------------|
| Olive Oil                   | 8001-25-0                                       | 232-277-0     | > 25% to ≤ 50%     |
| Shea Butter                 | 194043-92-0 [PCPC; CosIng]<br>93348-62-0 [AICS] | 606-306-6     | > 25% to ≤ 50%     |
| Beeswax                     | 8006-40-4 [PCPC]<br>8012-89-3 [AICS; CosIng]    | 232-383-7     | > 10% to ≤ 25%     |
| Mica (Pink Party) contains: |                                                 |               |                    |
| CI 77019                    | 12001-26-2                                      | 601-648-2     | > 1% to ≤ 5%       |
| CI 77891                    | 13463-67-7                                      | 236-675-5     |                    |
| CI 77491                    | 1309-37-1                                       | 215-168-2     |                    |
| Vitamin E Acetate           | 7695-91-2                                       | 231-710-0     | > 0.1% to ≤ 1%     |

## SECTION 4 – FIRST AID MEASURES

- 4.1 Eye Contact:** Flush immediately with clean water\* for at least 15 minutes. Ensure irrigation under eyelids. Do not try to remove contact lenses unless trained. Contact medical help immediately. \*Sterile Eye Wash 'Normal Saline for Irrigation' containing 0.9% BP grade Sodium Chloride could be used instead of water.
- 4.2 Skin Contact:** **Not normally a concern.** Remove any contaminated clothing and footwear. Clean before re-use. Wash affected areas thoroughly with soap and water. Contact medical help as necessary.
- 4.3 Inhalation#:** Remove from the exposure to fresh air. If breathing has stopped, administer artificial respiration and oxygen if available. Contact medical help as necessary. #As product is non-volatile exposure is unlikely, unless product is subjected to extreme heating.
- 4.4 Ingestion:** Do Not induce vomiting. Wash out mouth with water and give water slowly to dilute, (as much as casualty can comfortably drink), provided the person is conscious. Never give liquid to a person showing signs of being sleepy or with reduced awareness, (i.e. becoming unconsciousness). Contact medical help immediately. If vomiting occurs, lean patient forward or place on left side, (head-down position, if possible), to maintain open airway and prevent aspiration.
- 4.5 For Advice:** Contact a Poisons Information Centre(eg in Australia phone 131126] or other medical help.
- 4.6 Advice to Doctor:** Treat symptomatically. Note the nature of this product.

## SECTION 5 – FIRE FIGHTING MEASURES

- 5.1 Extinguishing Media:** Water Spray; Carbon Dioxide; Dry Chemical; Universal-Type Foam; As allowable for the surrounding materials.
- 5.2 Unsuitable Extinguishing Media:** None established.
- 5.3 Unusual Firefighting Hazards:** None identified.
- 5.4 Special Procedures:** Determine the need to evacuate or isolate the area according to your local emergency plan.
- 5.5 Protective Equipment:** Self-contained breathing apparatus and protective clothing should be worn when fighting fires.
- 5.6 Combustion Products:** Oxides of carbon.
- 5.7 Contact Point:** Dial 000 Emergency in case of fire, (In Australia), or Local Emergency Authority, (Out of Australia).

## SECTION 6 – ACCIDENTAL RELEASE MEASURES

- 6.1 Personal Precautions:** None required.
- 6.2 Safety Precautions:** None required.
- 6.3 Environmental Precautions:** None required.
- 6.4 Methods for Cleaning Up:** Wipe up spills with paper towels or cloth, then remove residue using warm soapy water. Refer also to Section 13 for disposal procedures.

## SECTION 7 – HANDLING AND STORAGE

- 7.1 Handling:** Good personal Hygiene practices should be used, including washing before breaks and meals, and at the end of use period. Containers should be kept closed when not being used in order to minimise contamination.
- 7.2 Storage:** Store at Temperatures below 30°C and keep away from direct sunlight. Keep from extreme heat and away from all sources of ignition. Make sure the material does not come into contact with substances listed as: "Materials to Avoid", Refer to Section 10.
- 7.3 Unsuitable Packaging Materials:** None established.
- 7.4 Special Procedures:** None established.

## SECTION 8 – EXPOSURE CONTROLS / PERSONAL PROTECTION

### 8.1 Exposure Limits

|             |                   |
|-------------|-------------------|
| OSHA TWA:   | None established. |
| OSHA STEL:  | None established. |
| ACGIH TWA:  | None established. |
| ACGIH STEL: | None established. |
| NOHSC TWA:  | None established. |
| NOHSC STEL: | None established. |

### 8.2 Respiratory Protection:

None required.

### 8.3 Ventilation Protection:

None required.

### 8.4 Eye Protection:

None required.

### 8.5 Protective Gloves:

None required.

### 8.6 Protective Clothing:

None required.

### 8.7 Protective Equipment:

None required.

### 8.8 Special Engineering Controls:

None established.

Consult the following Australian Standards for general advice regarding safety clothing and equipment: Respiratory Equipment: **AS/NZS 1715**; Protective Gloves: **AS 2161**; Industrial Clothing: **AS 2919**; Industrial Eye Protection: **AS 1336** and **AS/NZS 1337**; Occupational Protective Footwear: **AS/NZS 2210**.

### 8.9 Other Personal Protection:

## SECTION 9 – PHYSICAL AND CHEMICAL PROPERTIES

### 9.1 Appearance:

Soft solid

### 9.2 Odour:

Characteristic

### 9.3 Density:

Not available

### 9.4 Refractive Index:

Not applicable

### 9.5 Optical Rotation:

Not applicable

### 9.6 pH:

Not available

### 9.7 Solubility:

Not available

### 9.8 Solubility in Water:

Washes away with water

### 9.9 Flash Point:

Not available

### 9.10 Flammability Limits (as % v/v in Air)

Not available

#### Lower Explosion Limit:

Not available

#### Upper Explosion Limit:

Not available

### 9.11 Autoignition Temperature:

Not available

### 9.12 Melting Point:

Not available

### 9.13 Boiling Range:

Not available

### 9.14 Vapour Pressure:

Not available

### 9.15 Vapour Density:

Not available

### 9.16 Viscosity:

Not available

## SECTION 10 – STABILITY AND REACTIVITY

|                                                             |                                                                                                        |
|-------------------------------------------------------------|--------------------------------------------------------------------------------------------------------|
| <b>10.1 Stability:</b>                                      | Chemically stable, non-hazardous material.<br>This material presents no significant reactivity hazard. |
| <b>10.2 Conditions to Avoid:</b>                            | None established.                                                                                      |
| <b>10.3 Materials to Avoid:</b>                             | Strong acids, strong alkalis and oxidizing agents.                                                     |
| <b>10.4 Flammability:</b>                                   | Combustible solid.                                                                                     |
| <b>10.5 Hazardous Polymerization:</b>                       | Will not occur.                                                                                        |
| <b>10.6 Hazardous Combustion or Decomposition products:</b> | Carbon monoxide and unidentified organic compounds may be formed during combustion.                    |

## SECTION 11 – TOXICOLOGICAL INFORMATION

### 11.1 Health Hazards

|                              |                    |                                                                                          |
|------------------------------|--------------------|------------------------------------------------------------------------------------------|
| <b>Acute Effects:</b>        | <b>Swallowed:</b>  | May be Harmful.                                                                          |
|                              | <b>Eye:</b>        | May be irritating.                                                                       |
|                              | <b>Skin:</b>       | Non-irritating. However patch test prior to use. Do not use on broken or sensitive skin. |
|                              | <b>Inhalation:</b> | Not applicable under normal conditions of use.                                           |
| <b>Chronic Effects:</b>      |                    | None identified.                                                                         |
| <b>Mutagenic Effects:</b>    |                    | None identified.                                                                         |
| <b>Reproductive Effects:</b> |                    | None identified.                                                                         |
| <b>Carcinogenic Effects:</b> |                    | None identified.                                                                         |
| <b>Sensitisation:</b>        |                    | None identified.                                                                         |
| <b>Infectious:</b>           |                    | Not applicable.                                                                          |

### 11.2 Acute Toxicity

| Significant Components  | LD50 (Oral)                               | LD50 (Dermal)                            | LC50 (Inhalation) |
|-------------------------|-------------------------------------------|------------------------------------------|-------------------|

| <b>LC50</b>         | LC stands for Lethal Concentration. LC50 is the concentration of a material in air which causes the death of 50% (one half) of a group of test animals. The material is inhaled over a set period of time, usually 1 or 4 hours. This is normally quoted in mg/L/time period. |
| <b>LD50</b>         | LD stands for Lethal Dose. LD50 is the amount of a material, given all at once, which causes the death of 50% (one half) of a group of test animals. This is normally quoted in mg/Kg body weight with the route administered.                                                |
| <b>LDLO</b>         | LDLO stands for Lethal Dose Low, the minimum amount of a material which tests have shown will be lethal to a specified type of animal. This is normally quoted in mg/Kg body weight with the route administered.                                                              |

|              |                                                                                                                                                                                                                                                                      |
|--------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>SUSMP</b> | Standard for the Uniform Scheduling of Medicines & Poisons (Australia)                                                                                                                                                                                               |
| <b>TD</b>    | TD stands for Toxic Dose. TD is the amount of a material, given all at once, which causes the untoward symptoms in the majority of persons, or in the majority of a group of test animals. This is normally quoted in mg/Kg body weight with the route administered. |
| <b>TGA</b>   | Therapeutic Goods Administration (Australia)                                                                                                                                                                                                                         |
| <b>TLV</b>   | Threshold Limit Value                                                                                                                                                                                                                                                |
| <b>TWA</b>   | Time Weighted Average                                                                                                                                                                                                                                                |
| <b>UK</b>    | United Kingdom                                                                                                                                                                                                                                                       |
| <b>UN</b>    | United Nations                                                                                                                                                                                                                                                       |
| <b>USA</b>   | United States of America                                                                                                                                                                                                                                             |
| <b>µg</b>    | microgram                                                                                                                                                                                                                                                            |
| <b>µL</b>    | microlitre                                                                                                                                                                                                                                                           |
| <b>v/v</b>   | volume per volume                                                                                                                                                                                                                                                    |
| <b>w/w</b>   | weight per weight                                                                                                                                                                                                                                                    |
