

# 快速入门指南

## Quick Start Guide

型号：K3

## Buttons and Ports Labeled

## Operation explained

### 1. Power on/off

Turn the "Power/Volume" knob until a click sound is heard to turn on the device; keep turning clockwise to increase volume; Turn anticlockwise to decrease volume, turn anticlockwise until a click sound is heard to turn off the device.

## 2. Indicator

Playing music	44.1kHz or 48kHz sampling rate	Blue light
	Above 48kHz	Yellow light
	DSD	Green light

**Note:** 1). The RGB light will change only when there is music playing.

2). The volume can be adjusted by the K3 when at Line out; it's normal to get output at both the line out and headphone out, so please unplug your headphone when using line out.

3). The volume can't be adjusted by the K3 when at optical out; it's normal to get output at both the optical out and headphone out, so please unplug your headphone when using optical out.

4). When insert headphones to both the 3.5mm and 2.5mm headphone output, the 2.5mm TRRS balanced headphone output gets the priority.

**3. USB DAC** (There are 2 shifts of USB Audio-1.0 (driver-free) and 2.0):

- Switch to USB 2.0: When using the device with a Windows computer for the first time, please go to our website to download the driver and follow the corresponding instructions to install the driver. Download link: <https://www.fii.com/supports>; When using with a MAC OS computer, it doesn't need any drivers. Please choose the K3 as the output device.

- Switch to USB 1.0: No need to install any driver, just choose the K3 as the output device.

**Note:** 1). It's recommended to set the system output volume on computer to the max level and then adjust the output volume of the K3 to a suitable level with its volume knob.

2). After switch to USB 1.0/2.0, it's required to unplug and replug the USB cable to reconnect.

## Precautions

- ★In case of system error, please try to unplug and replug the USB cable to resume.
- ★Please set the volume with moderation (adjustable volume at line out) to protect your hearing and your audio equipment.
- ★Please take off the headphone from your ears before plugging or unplugging the headphone to avoid any possible impulsive sound damaging your hearing.
- ★Do not disassemble, expose the unit to water or carry out unauthorized repair on the unit.
- ★Your hearing and environmental awareness are affected when using headphones. For your own safety, please do not use headphones in dangerous environments.
