SKU: SPCB-2306

Project uses 1 piece

E6000 Industrial Strength Glue Adhesive (0.18 fl oz)

SKU: XTL-1054

Project uses 1 piece

Recommended Tools:

[XTL-5600] Xuron Sharp Flush Cutter Pliers - Wire/Soft Flex

Instructions

1. Begin by cutting two lengths of Turquoise Czech glass cup chain that are 9 rhinestone links long each with your flush cutters. Set aside.
2. Next, add a few dabs of glue onto the center portion of your bracelet's glue pad and place your button cabochon onto the glue, flat side down. See photo for placement assistance.
3. Wait a few minutes to dry.
4. Next, add a thin line of glue around the button cabochon on your bracelet's glue pad. Carefully place one of your cup chain lengths onto the top portion and the second cup chain length onto the bottom portion. Try to align it against your button cabochon. See photo for placement assistance.
5. Keep your bracelet facing up to dry.
6. That's it!
