Instructions

This project bundle does not come with the image shown in the bezel. Please supply your own image of a loved one, printed on photo paper, to place into the bezel. To complete this project, you will also need a pen. For even more wedding bouquet charm ideas, please watch our video on how to create bridal bouquet charms.

1. Trace the outline of your Nunn Design bezel on your image, and cut out the image with scissors.

2. Squirt a small drop of Diamond Glaze glue into the bezel and place the image inside. Press down gently to glue the image into the bezel.
3. Pour some Diamond Glaze into a mixing cup, and coat the top of the image using a paintbrush. Wait until the glaze dries clear, about 1 hour.
4. Line the outer edge of the image with dabs of Diamond Glaze, a bit at a time, and sprinkle JudiKins Glitter Roxs glitter into the glue to frame the image. Seal the shards with more Diamond Glaze. Let the glue dry clear.
5. Using pliers, open a jump ring. Slide it through the lower loop of the connector bezel, and also slide on the loop of your Nunn Design silver heart charm. Close the jump ring.
6. Open another jump ring. Slide it through the upper loop of the connector bezel. Close the jump ring.
7. Slide your length of ivory silk ribbon through the jump ring at the top of the pendant until the charm is dangling from the center of the ribbon.
8. Wrap the ribbon around your bouquet of flowers and tie a bow. Enjoy!
