### Instructions

By following the instructions below you will make one earring. Repeat all instructions to make the second earring.

1. Begin by cutting a length of five chevrons from the chain. Be sure to leave the loops in tact.
2. String on one bird bead on to one eye pin, make a simple wire loop. Attach the top of simple loop, same as you would a jump ring, to the earring finding. Attach the bottom of this simple wire loop to the chevron chain facing down.
3. Move to the bottom of the chevron chain, open one jump ring and attach one leaf charm to the chain. Close the jump ring.
