

Kylie Post Earrings

Project E3029

Designer: Karlin Jones

These dainty post earrings incorporate gold plated Celtic eternity connector beads and SWAROVSKI ELEMENTS flatback rhinestones in Fern Green. They have a subtle, yet feminine Irish touch.

SKU: FEA-1015

Project uses 2 pieces

Recommended Tools:

[XTL-4000] Beadsmith Bead And Pearl Knotting Tweezers

Instructions

By following the instructions below, you will make one earring. Repeat all instructions to make the second earring.

1. Place your Celtic eternity connector bead down flat (you can pick either side since both sides are the same) and add a dab of E-6000 glue onto the center.
2. Take your gold plated earring post and place it onto the glue, flat side down.
3. Hold it in place for a few seconds then set aside allowing the glue to dry.
4. Once the glue is dry, flip over your earring, and add a tiny dab of E-6000 glue onto the center.
5. Using your tweezers, pick up one Swarovski flatback rhinestone in Fern Green and place it on top of the glue, flat side down.
6. Once the glue is dry, add an earring back.

7. That's it!
