Project uses 1 pair

Recommended Tools:

[XTL-5600] Xuron Sharp Flush Cutter Pliers - Wire/Soft Flex, [XTL-5511] Beadsmith Jeweller's

Micro Pliers Chain Nose Flat Nose

Instructions

By following the instructions below, you will make one earring. Repeat all instructions to make the second earring.

1. Using your flush cutters, carefully cut a one inch length of gemstone chain. (An extra inch is included in this project to ensure there are no broken chain links).
2. Open the loop on your gold filled clef ear wire (how you would a jump ring) and slide it onto the last link from one side of your gemstone chain length and close.
3. Next, slide your Swarovski heart bead onto a gold plated ball head pin. Create a simple wire loop and snip off the excess wire using your flush cutters.
4. Open the simple loop (like how you would a jump ring) and slide it onto the last link on the other side of your gemstone chain length and close.
5. You're done!
