Pliers Chain Nose Flat Nose, [XTL-5600] Xuron Sharp Flush Cutter Pliers - Wire/Soft Flex

## Instructions

This necklace measures 20 inches. To change the length simply modify the length of chain on each side of the necklace. You will also need a paper towel for this project.

1. Please watch our video: How to Use Vintaj Patinas. From what you learned in the video, add a dab of patina to your work surface. Take your paint brush and dab on a little patina over the "leaves and branches" of the charm. Wipe off any excess patina. Set the charm aside.

2. Cut two lengths of silver chain, 8 inches each.

3. Open one jump ring and attach it to the end of one piece of chain. Close the jump ring.
4. Move to the end of this piece of chain, open another jump ring and attach the 3 inches of gemstone chain. Close the jump ring.
5. Move to the other end of the gemstone chain, open another jump ring and attach the second piece of 8 inch chain. Close the jump ring.
6. At the end of this chain open another jump ring and attach a lobster clasp to the end. Close the jump ring.
7. Open another jump ring and attach the charm around the center of the length of gemstone chain.
