SKU: FJR-3092
Project uses 1 piece

Specialized Tools

Beadsmith Jeweller's Micro Pliers Chain Nose Flat Nose

SKU: XTL-5511

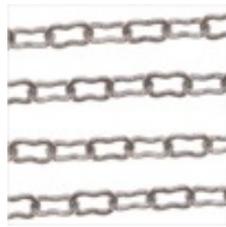

Instructions:

1. Begin by looking through your Tim Holtz Idea-ology epoxy sticker label sheet and pick out a sticker.
2. Take your blank tag label pendant and attach your sticker to the recessed area.
3. Next, layer the epoxy sticker on top. You are done with your tag label pendant. Set aside for now.
4. Now look through your type charm stickers and pick out an initial.
5. Take your initial sticker and attach it to the recessed area of your charm.
6. Layer it with the epoxy sticker initial and put aside.
7. Next, slide on both of the charms onto your chain.
8. Open up your jump ring and link it to one end of you chain.
9. Take the other end of your chain and link it to the open jump ring as well.
10. Close up your jump ring using your chain nose pliers.
11. Your necklace is now ready!

Variations

Enjoy mixing and matching different chains with your label tags and charms.

When substituting in items, pay attention to sizes and styles to make sure all your pieces will fit together.
