

One coat. One can.

A durable primer & finish for multiple commercial surfaces.

Multi-Surface Application

- Use over wood, concrete, plasterboard, Plastisol[®], galvanised metal – covers and seals most paintable surfaces
- Great adhesion to previously finished glossy surfaces
- Flash rust resistant over metal

Enamel Undercoat

- Smooth flow and great leveling
- Resists grain raise on new wood
- Sands crisply to a powder within 1 hour

Interior Commercial Application

- Fast dry • Low odour
- General purpose • Highly durable finish

Primer & Finish

- High hiding formula blocks dark or inconsistent colours
- Heavy resin content is self-sealing on porous surfaces
- Dries to a washable, dead-flat finish

THE PROFESSIONAL'S CHOICE

ALL COAT MULTI-SURFACE PRIMER & FINISH

High hiding formula

One coat is all that is needed to cover and seal most surfaces.

High-adhesion

Unique polymers developed and manufactured by ZINSSER allow direct application over glossy surfaces – enamel paints, clear finishes, Formica®, Platisol®, UPVC, ceramic tile, metals and more – without tedious sanding or surface deglossing!

Great underbody for enamel topcoats

- Resists grain raise
- Sands crisply to a fine powder within one hour

Ideal for large commercial wall applications

- Self-sealing
- Flows smoothly and levels evenly
- Dries super fast with very low odour
- Produces a flat, hard, durable & washable finish

Great general use coating for all interior surfaces

Finished and unfinished walls, doors, trim and ceilings of refits and commercial properties like supermarkets, warehouses, factories – anywhere a fast-drying, high-adhesion multi-surface finish is needed!

- Dries to touch in minutes – may sand or recoat within 1 hour
- Tintable to off-white and pastel colours
- Cleans up easily with warm, soapy water
