

LaserVac Shark 9000-II (2 speed) ESD Service Vacuum & Kit 120V  
120V - 940700-1, 240V - 940775-1

The Shark 9000-II complete service vacuum kits (120V) provide an excellent portable vacuum solution for maintenance personnel and field technicians.

The high efficiency (98% efficiency) filtration module holds up to 5 lbs. of toner or 20 lbs. of developer, and allows up to five shakeouts for reuses. The Shark 9000 vacuum weighs approximately 11.5 lbs.

This kit is the kit used by professionals who service copiers, printers and office machines, as well as exterminators, computer technicians, hospitals and labs.

*Please be sure to contact us directly if you are interested in a volume discount*
