NEEDLES

US 7/4.5mm or size to obtain gauge

NOTIONS

Tapestry needle
Removable marker

NOTE

- This wrap is reversible, as both the RS and WS of the fabric create a lovely, interesting texture. When the colors switch, the RS and WS of the pattern will switch, but the RS and WS of the wrap itself will always stay the same. I would recommend marking the RS of the fabric with a removable marker to help you keep things straight.
- A bind-off occurs three times in this pattern. It is done twice as a design element when you change colors, and a third time when you complete the project.

FINISHING

Weave in ends. If you have a great, reliable gentle cycle on your washing machine, place wrap in lingerie bag and wash in cold water with gentle detergent on gentle cycle. It will really help this yarn bloom and soften. If not, hand wash somewhat vigorously in cold water with gentle detergent and roll in towel to remove excess water. Block to dimensions.
