

CRIBBAGE INSTRUCTIONS

For 2-4* players / Ages 13-adult

CONTENTS:

Folding cribbage board, 2 pegs sets*

OBJECT:

Be first to reach 61 (or 121) points.

SETUP:

2-player: Deal 6 cards to each player, who discard 2 each to the Crib.

3-player*: Deal 1 to Crib and 5 cards to each player, discard 1 to the Crib.

4-player: Opposite players are partners sharing pegs. Deal 5 cards to each player, discard 1 to the Crib.

*3rd peg set required for 3 players which goes in opposite direction.

SETUP (cont'd):

Crib cards are placed facedown by the dealer. The player to the left of the dealer cuts the remaining cards and the dealer flips the top card on the deck ("The Starter"). If the card is a Jack ("His Heels"), the dealer gets 2 points.

HOW TO PLAY:

Facecards are worth 10 points. Ace is worth 1 point. Keep score by "leapfrogging" pegs over the number of holes (points) scored. Players score with combinations of cards, including numbers that add up to 15, runs, flushes, pairs, kinds. (See Cheat Sheet).

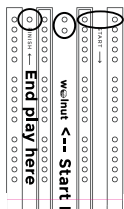

Counting Play: Starting with the player to the left of the dealer, each player in turn places a card faceup and announces the point value, with the value of their card plus the value

of the previous cards, up to a max of 31. If the player cannot play without exceeding 31, they say "Go" and so on, then the count starts at zero again until all cards have been played. Any player who reaches exactly 31 gets 2 points. The closest player to reach 31 and the last card score 1 point. 15's, pairs, and so on are also scored.

Scoring of Hands: Now each player in turn, starting to the left of the dealer, scores the pts for his/her hand, including The Starter card. The dealer goes last, first scoring his hand with The Starter, then scoring the Crib in the same manner, also with The Starter.
