## Sizes

White  
36-42

## Material

- + Upperpart: Polyester Microfiber
- + Lining: Polyester
- + Outsole: X-Cell™, EVA polymer (Ethylene Vinyl Acetate) latex free, and NBR (Nitrile Butadiene Rubber)
- + Antibacterial
- + Free of hazardous or toxic substances
- + Resistance to heat:
  - Dry heat: up to 50 degrees
  - Wet heat: up to 50 degrees
- + Resistant to detergent
- + Resistant to highly concentrated saltwater
- + Resistant to aging
- + Recyclable
- + EVA removable insole

## Features

- + Ergonomic features:
- + Easy fastening
- + Slip resistance SRC
- + Flexible
- + Ultralight
- + Energy absorption of heel seat area
- + CE Marked

## Sectors

Hostelry

Clinic

Pharmacy

Spa

Beauty Ind.

Walks

Geriatrics

Kindergarden

### Maintenance:

- + Do not machine wash. If necessary, use a short program with cold water at a maximum of 50°C. Do not spin. To dry, do not use tumble dryer and do not expose to any heat sources.
- + Check the patterns of the outer sole regularly. Depending on the floor characteristics and the way you walk, the shoe may lose its slip resistant features.
