

# SNOWDRIFT

by Kathy Schmitz

1. Center the small circle on top of the medium circle.
2. Whip stitch the two circles together using the 12wt Sulky thread.
3. Using the 12wt pearl cotton, sew the button onto the center of the small/medium circle grouping.
4. Stitch the snowflake design within the small and medium circle only.
5. When the small/medium snowflake designs are all stitched, use the 12wt Sulky thread to whip stitch the small/medium circle combo onto the center of the large circle as shown.
6. Use the 12wt pearl cotton to embroider the snowflake stitches on the larger circle.
