Sacaton White Tepary

Experienced Tucson-area gardeners can receive free seed and training. Return seeds to the bank to refresh our supply and keep extra to plant and share.

Crop notes:
- Requires 10' isolation from other teparies
- Avoid planting near common beans
- Min. 15 plants (15ft²)
- Low-water use
- Easily dehisces, must watch pods closely at harvest

Online application opens
June 1, 2021

Must be able to pick-up at
Tucson Conservation Center
