Phone Inquiries: 520-622-5561 ext. 113

For Native American individuals and families living in the Greater Southwest Region, or belonging to tribes from the Southwest Region regardless of residential location: you may request up to 15 free seed packets per household per year (Jan-Dec).

✿The Greater Southwest region includes Arizona, New Mexico, Utah, Colorado, western Oklahoma, western Texas, southern California, Nevada, and northwest Mexico.

✿Native American identity for this program is self-reported and no tribal identification card is required. This is part of an effort to be inclusive to the indigenous nations not federally recognized by the US government, as well as those residing in northwestern Mexico.

✿We ask that recipients pay only the cost of shipping: \$4.95 for up to 15 seed packets.

✿No more than 3 packets of any one seed variety per request. If you need larger quantities of seed, check out the Farmer Partner Program.

✿Recipients ARE eligible for seeds from both the Native Access list and the Buy Seeds list. Regular packets sizes only.
