Colorado River Devil's Claw

Experienced Tucson-area gardeners can receive free seed and training. Return seeds to the bank to refresh our supply and keep extra to plant and share.

Crop notes:
- 800' isolation distance from other devil's claw
- Min. 5 plants (50ft²)
- Low water use
- Harvest when claws are fully brown
- ~100-120 days

Online applications open
June 1, 2021

Must be able to pick-up at
Tucson Conservation Center
