TRACEY TABLE

This table was essentially the start of our Sparrow and Sage line. The thick top is made of Monterrey Oak with natural cracks and knots. Hand finished in French Oak. Each table is slightly different as every piece of wood is unique and the way our craftsman puts them together is thoughtful and optimizes the planks that are used. The pedestal base is stained in a deep smoke finish.

ISAAC BED

This bed was inspired by designs from the British West Indies. We loved the movie "Out of Africa" and picture it as a bed that would be in that home. The bamboo inspired leg detail is subtle and carried through to the headboard and footboard panels. The Isaac is comfortable in traditional settings as well as coastal ones and is hand crafted in oak with our black shoe polish finish.

Color Story

A lot of people love stripes, and we at Sparrow and Sage love stripes too! This is our Hamilton Stripe in Charcoal. If you study it carefully, you will see that it has a very wide pattern with a seldom repeat. To sew this together properly takes a lot of care and used a lot of fabric to make the stripes match. It's complicated but makes for a sophisticated look. Enjoy the combination of bedding, art and furniture in a curated color story.
