

*Dedicated to revealing the
beauty of the mineral world.*

The Gem Shop, Inc. Catalog

The Gem Shop began in 1971 as a cottage industry in the basement of one of our owners, Eugene Mueller. Gene developed an interest in rocks as a young boy while visiting his grandfather in Minnesota. This interest grew into lapidary skill over the years. While teaching art at the University of Wisconsin-Milwaukee, he saw the need of the art metal students for polished stones. He began cutting agates and jaspers to fill this need.

As demand increased, The Gem Shop was officially born. Soon the growing inventory of rough rock threatened to sink his house deep into the ground. With the encouragement of his wife, Gene moved his business to its own home in the Brewery Works building on the east side of Cedar Creek in Cedarburg.

In 1980 the business was incorporated and moved to its present location on Washington Avenue in the Cedarburg Historic District. The Gem Shop, Inc. has continued to grow and now has the largest inventory of rough rock in the Midwest -- over 100,000 lbs!

The Gem Shop is no longer Gene's alone. His daughter, Veronica, is now president and part owner. Under her guidance The Gem Shop has grown to include a comprehensive website, retail store displays, wholesale warehouse, and popular line of educational Kid Kits. The Gem Shop exhibit at approximately 15 shows a year, including in Tucson at the Tucson Showplace.

The Gem Shop is a true lapidary, from the mining of fine agates and jaspers to the cutting of unique designer cabochons. We have mining claims in Oregon, and Gene has extensively mined in Mexico. Our world-wide contacts and over 40 years in business have allowed us to gain a vast knowledge of the world's rock, gem, and lapidary markets. If you are looking for a particular rock, email us; and we will try to get it for you or send you in the right direction.

We cut and polish fine agate and jasper specimens, and carry a variety of minerals from all over the world. We are a dealer for several lapidary equipment manufacturers (Lortone, Raytech, Diamond Pacific, Graves) and occasionally have used equipment for sale. For gift ideas, we have a wide variety of items made from rock including bookends, carvings, spheres, jewelry, candle holders, lamps, and more.

Come and dig in the rock yard, which has tons of various types of rock in barrels and bins. When the snow obscures the rock yard, our basement remains open with its boxes and bins full of rock. See our 8,000 lb Arizona petrified wood log which was collected in 1910 from the Petrified Wood Forest area in Arizona before it was designated a national park. This specimen stands about 6 feet tall. Spend the day and have lunch at one of the fine local restaurants. All of us at The Gem Shop welcome your personal visit.

Ordering Information:

We take great care in packaging all orders. Please inspect all merchandise upon receipt and call us promptly if there are any damages or shortages. Note: In case of damage you must file a claim with your carrier immediately. Keep damaged goods, all packaging, labels, and invoices for inspection by the carrier. Damaged Package Claims can only be submitted for the value of the insurance (if any) on the item. Uninsured items

receive only a refund for postage. The Gem Shop, Inc. is not responsible for the quality of service provided by the shipping carrier.

Shipping Options:

The Gem Shop, Inc. regularly ships packages USPS and UPS. FedEx and LTL are available upon request. We are happy to look up and review your shipping options with you.

Payment Terms:

All orders must be accompanied by payment. We gladly accept VISA, MC, DISC, AMEX, PayPal, Money Orders, or your personal / business check.* No minimum order.

*Returned Checks:

A \$35.00 charge will be added to each time a check is returned unpaid.

Returns:

All unused items purchased at The Gem Shop, Inc. are returnable within 30 days of the original delivery. The Gem Shop, Inc. will pay the return shipping costs if the product is defective or an item was shipped in error. If an item is returned for any other reason, the customer is responsible for the return shipping cost. No returns will be accepted after 30 days. The customer will be credited in the same manner as the original payment within 7 business days after we receive the return.

The following items may not be returned:

Rough rock which has been altered; equipment which has been used.

Ship authorized returns to the following address:

The Gem Shop, Inc.
W64N723 Washington Ave
Cedarburg, WI 53012

For questions regarding our return policy please contact us at

mail@thegemshop.com or 866-377-4666.

Store hours: Mon. – Fri. 9:30 – 6:00, Sat. 9:30 – 5:00, Sun. 1:00 – 5:00.
Closed Major Holidays

Educational Kids Kits

1st Fossil Collection 1st Rock Mineral Collection \$15.99 ea.

Spark the interest of a young budding paleontologist with this First Fossil Collection or 1st Rock & Mineral Collection! Have fun exploring the details of the fossils with the included magnifying lens, and learn fascinating facts about each fossils. 1st Fossil Collection Kit includes a geological time chart and 10 real fossils. 1st Rock & Mineral Collection Kit includes a rock classification chart and 12 real rocks and minerals.

Earthly Elements: Genuine Fossil Collection

Discover the exciting world of Paleontology through this interactive Fossil Collection. In this kit you will find 6 Genuine Fossils, 1 Magnifying Lens Ruler, Handy Display Tray, Geological Time Scale, and an interactive STEAM Guidebook. The STEAM Guidebook helps you identify your Fossils and learn nifty facts. This interactive kit is carefully crafted with Genuine Fossils that are commonly found all over the world.

Earthly Elements: Essential Rocks & Minerals

Discover the exciting world of Geology through this interactive Rocks & Minerals kit. In this kit you will find 6 Essential Rocks & Minerals, 1 Magnifying Lens Ruler, Handy Display Tray, Mohs Hardness Scale, and an interactive STEAM Guidebook. The STEAM Guidebook helps you identify your rocks & minerals and learn nifty facts. This interactive kit is carefully crafted with Essential Rocks & Minerals that are commonly used in your everyday life.

\$9.99 ea

Rock & Mineral Excavation Kit or Fossil Excavation Kit \$14.99 ea

Kids can chip away at the plaster block with the included chisel and brush to reveal rocks, minerals or fossils! Depending on the kit you get, you can find either 10 real rocks and minerals, or 9 real fossils! Identify the treasures with the included chart. Rock & Mineral Kit includes plaster block, wooden chisel, and brush. Fossil Kit includes a wooden chisel, brush and the fossil block. Both kits are a "Made in the U.S.A." product, and are recommended for ages 5 & up.

Wack 'n Crack Geodes \$12.99 or Wack 'n Crack Geodes Short Stack \$9.99

Wack 'n Crack Geodes features a tube of 5 - 7 sugar geodes filled with crystals just waiting to be cracked open! Fun for all ages. Adult supervision recommended.

Soapstone Putty Kit \$5.99

Kids will love making Soapstone Putty with this fun experiment! Soapstone is primarily made up of talc, and is a metamorphic rock. Using the soapstone, and the activating ingredient helps make an elastic, fun to play with putty. Kit includes: powdered Soapstone, activating ingredient, mixing and storage container, and recipe. Recommended for ages 4 and up.

Cloud Crystal Creation \$5.99

A chemical reaction occurs when this rock is combined with vinegar. Watch as beautiful detailed white crystals form on top of this rock as the vinegar evaporates. These crystal formations mimic formations formed in caves around the world.

Books and Publications

This literature represents much of the scholarly work devoted to agates, jaspers, and petrified wood, fossils, and various types of crystals. These works provide information on the materials' formation, location, and identity. Others contain information on collecting or the lapidary arts.

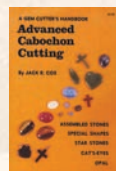

Calendar of Fine Agate & Jaspers

Twelve 8.5" x 11" full-color photographs of exceptional examples of favorite agates and jaspers desired by collectors. Agua Nueva Agate, Condor Agate, Royal Imperial Jasper, Laguna Agate, Morrisonite and more. Quantity discounts available.

Advanced Cabochon Cutting

By: Jack R. Cox
A detailed handbook on the advanced techniques of cutting cabochons. 61 pgs., softcover.

\$6.00 ea.

Cabochon Cutting

By: Jack R. Cox
A detailed handbook on the lapidary art of cutting cabochons. 64 pgs., softcover.

Ancient Forests

By: Frank Daniels and Richard Dayvault
This fabulous book gives a closer look at fossil wood. 450 pgs., hardcover.

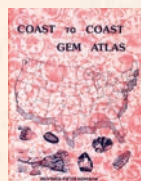

\$75.00

Book of Stones: Who They Are & What They Teach

By: Robert Simmons & Naisha Ahsian
The best-selling guide to some of Earth's most beautiful natural objects. 554 pgs., softcover

\$29.95

Coast to Coast Gem Atlas

By: H. Cyril Johnson & Robert N. Johnson
A compilation of gem locations from over a period of years.

\$11.50

The Crystal Bible : A Definitive Guide to Crystals

By: Judy Hall
A comprehensive guide to crystals, their shapes, colors, and applications. Three editions available, 400 pgs., softcover.

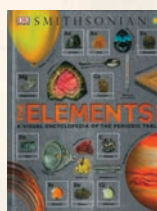

\$21.99

Shungite

By: Regina Martino. This book takes an in depth look at the protection, healing, and detoxification properties of Shungite.

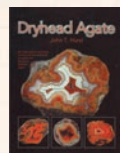

\$16.95

Smithsonian: The Elements

By: Tom Jackson. Discover the elements - the building blocks of matter that make up not only our world, but the entire universe. This spectacular guide shows what all the elements look like as well as the remarkable ways we have learned to use them.

\$22.99

Dryhead Agate

By: John Hurst - An Inside Look at the History, Mining, and Natural Beauty of Agates from Montana's Dryhead Region. 88 pgs., softcover.

\$29.95

Fairburn Agate: South Dakota Gemstone

By: Roger Clark, Photographs by Mary Jane Clark - For agate collectors who are already intrigued and inspired with the beauty and mysterious origin of agates, this book has all the latest scientific research. There is also a proposal for a new theory about the natural processes that affect the genesis of agates in sedimentary environments. 130 pgs., softcover

\$27.95

Fee Mining and Mineral Adventures in the Eastern U.S.

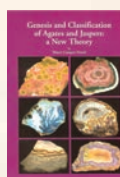

\$15.95 ea.

OR

Fee Mining and Mineral Adventures in the Western U.S.

By: James Martin Monaco
& Jeannette Hathaway Monaco.

Genesis and Classification of Agates and Jaspers

By: Marco Campos-Venuti - This book shows a new geological model that explains the formation of most of the microcrystalline and amorphous varieties of silica. It has been written for the collectors, the geologists, and for the curious, analyzing many collectible varieties of jaspers, agates and chalcedonies. 159 pgs., softcover

\$35.00

Geology Lab for Kids

By: Garret Romaine Features 52 simple, inexpensive, and fun experiments that explore the Earth's surface, structure, and processes. This family-friendly guide explores the wonders of geology, such as the formation of crystals and fossils, the layers of the Earth's crust, and how layers of rock reveal a record of time.

\$22.99

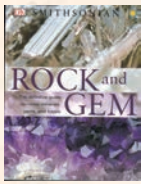

There is no excuse for boredom with a year's worth of captivating STEAM (Science, Technology, Engineering, Art & Math) activities.

Great Encyclopedia of Healing Stones, Fragrances & Herbs

The book describes in a detailed yet easily understandable way the healing possibilities and application areas of healing stones, fragrances and herbs.

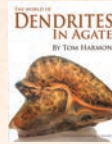

\$20.00

Smithsonian: Rock & Gem

By: Ronald Bonewitz A great guidebook featuring full-color photos of hundreds of rocks and gems for collectors and enthusiasts, created in collaboration with the Smithsonian Institution and written by a geologist with decades of experience.

\$24.95

The World Of Dendrites in Agate

By: Tom Harmon, Photographs by Thomas Shearer - Discover how dendritic agate are created and where to find them. Beautiful images of many types of dendritic agate are plentiful throughout this book. 84 pgs., softcover

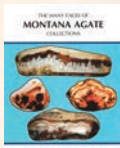

\$54.00

How to Tumble Polish Rocks into Gems

By: Edward E. Smith Taking an in-depth look at tumbling, this is one of the few books that details the differences between vibratory and rotary tumbling.

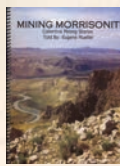

\$20.95

Many Faces of Montana Agate Collectors

By: Tom Harmon - Discover the beauty of Montana Agate and the formations, structures, inclusions, and other features that make this agate very desirable. Learn about how they were formed and where to find them. 146 pgs., softcover

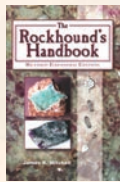

\$59.00

Mining Morrisonite: Collective Mining Stories

By: Gene Mueller - A collection of Gene's personal reflection of mining Morrisonite from 1986 to 1996. 56 pages with color photographs. Softcover

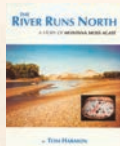

\$29.95

Rockhound's Handbook

By: James R. Mitchell - Learn about the nature and history of our physical world, and to explore it in landscapes as diverse as the rocks and minerals found there. 298 pgs., softcover

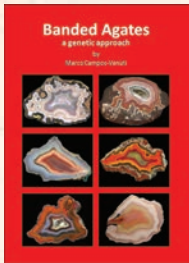

\$15.95

The River Runs North

By: Tom Harmon - Tells the history and discovery of Montana Moss Agate, and contains 254 full color photographs of some of the finest collections of Montana Moss Agate in the world. 112 pgs., softcover

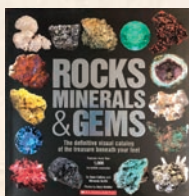

\$48.00

Banded Agates - A Genetic Approach

By: Marco Campos-Venuti. This book explores the processes underlying the formation of the banded agates. The author explores a new, more complex model that can better explain every visible variation within the banded agates. This book is full of interesting observations and genetic proposals of a great variety of situations that can be found within an agate. An important part is dedicated to the interaction between the formation of the banded agate and the presence of bacterial faunas.

\$35.00

Rocks, Minerals, & Gems

By: Sean Callery and Miranda Smith. Contains a fantastic collection of colorful examples, all clearly identified. The photography is beautiful, the layouts are inviting, and there are layers of fascinating facts to enthrall everyone from the beginner to the most avid rock collector.

\$19.99

DVD's

2016 Agate Expo DVD Set

The complete set of DVD's which feature the Symposium, Exhibit Hall, Show Talks, and Show Highlights of the 2016 Agate Expo held in Cedarburg, WI from July 7-10, 2016.

\$75.00

2016 Agate Expo DVD Symposium

Features all 12 presentations from the Symposium on July 7th, 2016

\$20.00

2016 Agate Expo DVD Exhibit Hall

Features over 120 show displays from all over the world. The best of the best of the agate world, which some have never been on public display.

\$20.00

2016 Agate Expo DVD Show Talks

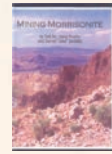

Features presentations from the 10 show speakers on July 8th & 9th, 2016.

\$20.00

2016 Agate Expo DVD Highlights

Features the opening ribbon cutting ceremony, interviews with numerous vendors, Art Gala Night, and the banquet including Brad Cross' presentation.

\$20.00

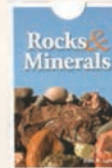

Mining Morrisonite DVD

The Morrison Ranch Jasper mining story as told by Gene Mueller and Darrel "Jake" Jacobitz. Runtime: 20 min.

\$20.00

Playing Cards

Playing Cards Rocks & Minerals

A standard 52 piece deck of cards. It features 52 of the most common and most sought-after specimens found in the United States.

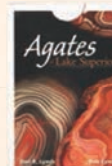

\$5.95

Playing Cards Agates of North America

A standard 52 piece deck of cards. It features 52 of the most famous, most valuable and rarest agates from the United States, Canada, and Mexico.

\$5.95

Playing Cards Agates of Lake Superior

A standard 52 piece deck of cards. It features 13 of the most popular and well known varieties of the coveted Lake Superior gemstone.

\$5.95

Arrowheads

Available in 1" - 5" sizes plus segmented and circle shapes.

1" Arrowhead
\$2.99

Approximately 1" in length. Made from Jasper

2" Arrowhead
\$4.99

Approximately 2" in length. Made from Jasper

3" Arrowhead
\$7.99

Approximately 3" in length. Made from Jasper

5" Arrowhead
\$9.99

Approximately 5" in length. Made from Jasper

Segmented Arrowhead
\$3.99

Approximately 1" in length. Made from Jasper

Circle Arrowhead
\$5.99

Approximately 1" in dimension. Made from Jasper

Obsidian Arrowhead
\$0.99

Approximately 1" in length. Made from Obsidia

Slices & Stones

Brazilian Agate Slices

\$2.99

These banded agate slices come in a variety of colors. The vibrant blue, purple, and pink colors are dyed. The brown and red tones are natural colors.

Oco Geode Slices

\$4.99

Geodes from Brazil. The geode is cut into thin slices and display a crystal formation in the center.

Stone Hearts

\$4.99

Polished hearts made from a variety of agates, jaspers, and other semi-precious stones. Each stone heart is unique, and has a different meaning depending on the stone. Sized perfectly to fit in a pocket or give as a gift!

Word Stones

\$4.99

These rocks come with a variety of positive, uplifting words engraved. The stone is made from a variety of agates and jaspers, and is polished on all sides. The stones help with stress and a positive lifestyle.

Worry Stones

\$4.99

Worry Stones are used for relaxation or anxiety relief. Hold the stone between the index finger and thumb and gently move one's thumb back and forth over the stone.

Chakra Set

\$6.99

Set contains seven stones for balancing the chakras in a colored velvet pouch. The stones included are Red Jasper, Orange Aventurine, Yellow Aventurine, Green Aventurine, Lapis Lazuli, Amethyst, and Clear Quartz.

Crystal Pendants

\$9.99

The pendants are made from a variety of material with a sterling silver loop. Stones include: Green Moss Agate, Amethyst, Rose Quartz, Carnelian, and Quartz.

Stone Pyramids

\$5.99

The pyramids are created from an assortment of material such as Coquina, Aventurine, Obsidian, Rose Quartz, and other agates and jaspers. Approx. size 1" x 1"

Chakra

Chakra Pendant

\$14.99

The pendant has a quartz body with a sterling silver top. The seven chakras are represented with small polished stones. Approx. size 2.25" x .75"

Chakra Pendulum

\$19.99

Sterling Silver Pendulum with a blue sphere on one end and five stones on the other end. The stones include Sodalite, Citrine, Quartz, Green Aventurine, and Red Jasper. The chain is approximately 8.75" long.

Chakra Wand

\$19.99

The wand displays the seven chakra colors with colored glass chips inside of a glass tube. The wand is topped with a quartz orb. Approx. size 4.25" x 0.5"

Pebbles

Fully Polished Pebbles, which are 1 1/2" to 3" in diameter

Amethyst
\$8.99 ea.

Botswana
\$5.99 ea.

Carnelian Agate
\$6.99 ea.

Fluorite
\$12.99 ea.

Girisul Quartz
\$12.99 ea.

Green Opal
\$11.99 ea.

Indigo Gabbro
\$8.99 ea.

Kambaba Jasper
\$5.99 ea.

Labradorite
\$7.99 ea.

Landscape Jasper
\$10.99 ea.

Madagascar Dendritic
\$12.99 ea.

Petrified Wood
\$5.99 ea.

Rose Quartz
\$7.99 ea.

Septarian
\$6.99 ea.

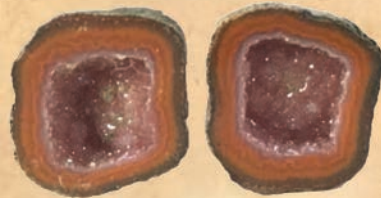

Smoky Quartz
\$14.99 ea.

Tabasco Geode Pair (small)
\$12/pr

Agate edge with drusy center from Mexico.
Approximate size: 10mm - 15 mm

Tabasco Geode Pair (medium)
\$15/pr

Agate edge with drusy center from Mexico.
Approximate size: 15mm - 20 mm

Tabasco Geode Pair (large)
\$18/pr

Agate edge with drusy center from Mexico.
Approximate size: 20mm - 25 mm

Zodiac Stones

\$7.99
Each zodiac sign has specific stones to help guide people under these zodiac signs. The Zodiac Stones comes with three stones in a black pouch, picked specifically for that sign, with an informational card. On the back of the each card tells a little about each sign, and how the stones can offer direction or fun inspirations. Find your perfect stones for your sign, and these make great fun little gifts for anyone!

Minerals

Each mineral includes individual identification card

Amethyst Crystals

\$2.99

Amethyst crystals, some with pointed edges and display light to dark translucent purple coloring. Average size 1" - 2" in length.

Calcite

\$0.99

Choose from green, orange, and blue calcite color. Average size 1" - 2" in length.

Chalcopyrite

\$2.99

Chalcopyrite is a copper iron sulfide, which displays blue red, green, and golden colors. Average size is approximately 1" - 2" in length.

Citrine

\$4.99

Citrine is a yellow quartz which some pieces have pointed edges. Average size 2" - 3".

Pyrite

\$1.99

Small clusters from Peru ranging in size from 1" - 2" in length.

Quartz Crystals

\$1.99

Quartz crystals are translucent with pointed edges. Average size 1" - 2" in length.

Selenite Rose

\$0.99

Selenite Rose is a form of gypsum that can be found all over the world in desert regions. Average size 1" in diameter.

Bismuth

\$14.99

Man-made, semi-metal with geometric crystal shapes from the U.S.

Fossils

Ammonite Pairs

\$11.99

Ammonites are prehistoric nautilus related to the modern day nautilus, squid, and octopus family. They may have reached up to 6" in diameter. These specimens were found in Majanga, Madagascar, they date back to the Cretaceous period (65 - 146 million years ago).

Fossils (cont'd)

Enchodus Tooth

\$7.99

Enchodus is a bony fish whose main feature were "fangs" in their upper and lower jaw. The teeth date back to the Upper Cretaceous period, (66 million years ago). Approximately 2" long.

Fossil Fish

\$11.99

Fossilized fish in limestone from Green River Formation in Wyoming. Type of fish vary. Approximate size: 3" x 2.5" x 0.5"

Mosasaur Tooth

\$4.99

The Mosasaur was a serpentine marine reptile, it had four large paddles and a large powerful tail; it had a loosely hinged jaw which allowed it to swallow its prey almost whole. The Mosasaur fossils were found in the phosphate mines of Khouribga, Morocco, and they date back to the Cretaceous period (65 - 146 million years ago). Approximately 1" long.

Otodus Shark Tooth

\$4.99

An Otodus, an extinct Mackerel shark; it had a pointed snout, a nearly symmetrical tail, and a reputation for aggressiveness. Its teeth reached in excess of 4" with some smooth cutting edges and side cusps on each site. These specimens were found in the phosphate mines of Khouribga, Morocco and date back to the Paleocene period, roughly 60 million years ago. Approximately 1-2" in size.

Spinosaurus Tooth

\$19.99

The Spinosaurus was one of the largest carnivorous dinosaurs, even larger than the T-Rex. The fossilized tooth can display brown, red, orange, and yellow coloring. Approximate size: 2" x 1"

Trilobites (small) \$5.99

Trilobites (large) \$14.99

Marine Anthropolod; up to 250 million years old from Utah.

Approximate size:

Small - 16mm x 20mm Large - 26mm x 20mm

Trilobite in Matrix

\$19.99

Trilobite encased in limestone. Approximately 390 million years old from Morocco.

Approximate size: 20mm x 20mm

Fossil Pine Cones/Fruit Pods

\$24.99

The Fossil Pine Cone, which more recently is believed to be a fruit pod, is found in the western Sahara desert in Morocco. From the Eocene period dating 55-33 Million years old. Approximately 2" long.

Home Decor

Candle Holders

Selenite
\$14.99/\$19.99

The Selenite emits a warm glow into the room when a tea light candle is lit from within.

Two sizes available:

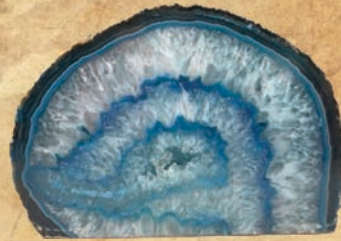

Small, 3" high, 3.25" diameter base.

Large, 3.75" high, 3.25" diameter base.

Amethyst
\$49.99

Amethyst cluster from Brazil, which is drilled in the center to fit a tea light. Approximate size 6" x 5" x 2"

Brazilian Agate
\$19.99

The dyed agate is top drilled to fit a tea light, which glows through when lit. Approximate size 4" x 3" x 2"

Himalayan Salt
14.99/19.99

Emits a warm orange glow into the room when tea light is lit.

Two sizes available:

3" high, 3.25" diameter base.

Large, 4" high, 4" diameter base.

Lamps

Himalayan Salt
\$19.99

This natural Himalayan Salt Lamp can help purify the air in your home. It helps rid indoor air of harmful electromagnetic fields and other indoor pollutants.

When lit, this salt lamp emits helpful negative ions into your home's atmosphere. Each light comes with a power cord, on/off switch, and light bulb.

Approximate size 8" x 8" x 2"

Selenite
\$29.99/\$59.99

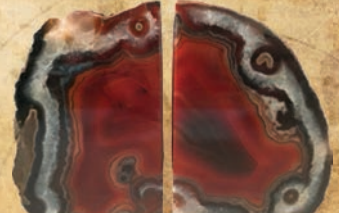

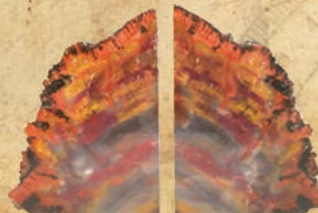

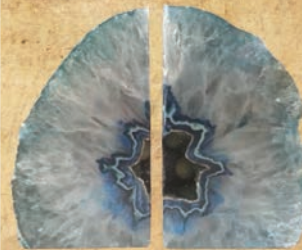

The Selenite emits a yellow glow into the room when turned on.

Two sizes available:

Small, 6.25" high, 3.25" base.

Large, 10.25" high, 3.5" base.

Bookends

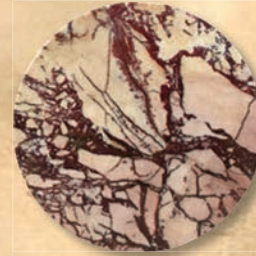

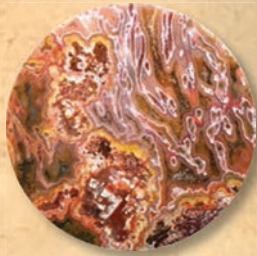

Bookends

Please inquire

Wonderful stone bookends made from Amethyst, Brazilian Agate, Petrified Wood, Rose Quartz, and Sodalite.

Cabochons

All of our Designer Cabochons are cut by and in our shop in Cedarburg, Wisconsin. We select the best of our fine agates and jaspers and fashion them into our world renown bufftop cabochon design, invented by our owner, miner and local artist, Eugene Mueller. Call for a memo, to have pictures sent to your email for selection, or visit our website for new cabochons posted weekly.

Tumblers & Equipment

Lortone Tumbler Model 3A \$98.00

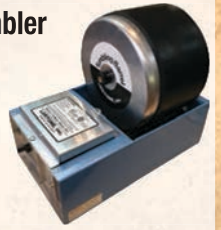

Quiet, sturdy, simple to operate, and deliver excellent results. All models feature the patented Lortone® molded rubber barrel with a quick-seal closure, and a continuous-duty fan-cooled motor. UL and CSA approved. Instruction book included.

Lortone Tumbler Model 33B \$142.00

Lortone Tumbler Model 45C \$142.00

Lortone Tumbler Model QT6 \$200.00

Lortone Tumbler Model QT12 \$220.00

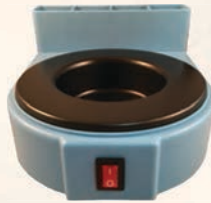

Raytech Tumble Vibe \$108.95

Perfect for tumbling small stones and jewelry. Holds approximately 4 pounds of material.

Kingsley Dop-Buddy™ \$25.99

Kingsley Dop-Buddy™ melts green dop wax in 15 minutes. It also heats your stones and has compartments for dop sticks and other equipment. It has a lighted on/off switch and plugs in for power.

Dop Wax \$5 each/\$18- 4 pack

Great for dopping cabochons. It melts at about 160 degrees Fahrenheit. Stones have a lesser tendency to move or shift when held in this wax. It is useful during drilling, grinding and polishing operations where increased pressure and heat may cause the stone to shift or move.

Tool Cool \$9.99

Lapcraft Tool - Cool is a water soluble lubricant. It replaces messy oils, and can be used in diamond sawing, grinding, and drilling. Inhibits rust, non-irritating, non-flammable, and will not discolor the stone.

1.1mm Drill Bit \$4.50 each/\$20-5 pack

These Drill bits are suitable for gemstones, glass, ceramics and all other hard materials.

1.4mm Drill Bit \$4.50/20-5 pack

Speed Recommendation: 5,000 to 20,000 RPM

2.1mm Drill Bit \$4.50/20-5 pack

Estwing Gold Pan \$14.99

Solid aluminum, this gold pan measures 12" in diameter and is about 2" deep. This pan is durable and perfect for panning for gold.

Epoxy 330 \$4.99

Epoxy 330 is made for bonding gem materials to metal findings. It may also be used for the invisible bonding of glass, china, ceramics, stone materials, and other non-porous materials. It sets water-clear, and hardens in 2 hours or 10 minutes under a heat lamp.

Estwing 14 oz, 22oz pick \$29.99, \$34.99

The finest steel picks with phenomenal balance. Forged of one piece tool steel with a super tough shock resistant grip, these are some of the toughest tools around.

Estwing 2#, 3#, 4# Sledgehammer \$29.99, \$34.99, \$36.99

The finest steel hammers with phenomenal balance. Forged of one piece tool steel with a super tough shock resistant grip, these are some of the toughest tools around.

Estwing Short/Long Chisel \$15.99

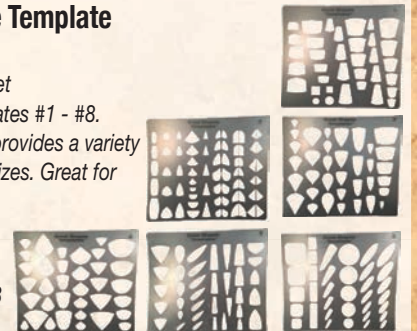

These chisels have one piece solid steel construction, are perfectly balanced, and a shock reducing grip.

Great Shape Template \$64

The complete set of plastic templates #1 - #8. Each template provides a variety of shapes and sizes. Great for cabling!

\$8
Templates, Individually #1-8

Grit

- Tumbling Grit - Coarse** \$4.00 silicon carbide, 60/90 mesh, for the first step in the tumbling process, 1 lb pkg.
- Tumbling Grit - Medium**..... \$4.25silicon carbide, 150/220 mesh, for the second step in the tumbling process, 1 lb. pkg
- Tumbling Grit - Fine**..... \$7.25silicon carbide grit, 500 mesh, third step in the tumbling process, 1 lb. pkg
- TXP Polishing Powder** \$4.00a fine Micron Alumina polishing compound, suitable for the polishing step, sold in .50 lb. containers.
- Plastic Pellets** \$3.50An ideal filler for the polishing cycle, 1/2 lb. pkg
- Ceramic Pellets**..... \$3.50An ideal filler for the grit cycles. 1 lb. pkg.

Rough Rock

African Queen Picture Jasper
From Namibia, tan and brown desert landscape pattern.

\$2.75/lb.

Candy Geodes
Needle-like quartz crystals inside a greenish exterior.

\$8.00/lb.

Agatized Coral, Indonesia
Flower-like patterns in cream, gold, and tan colors.

\$10.00/lb.

Cherry Creek Jasper
Striations appear throughout this gold, blue, red, or yellow soft jasper.

\$12.00/lb.

Agua Nueva Agate Select (2018)
Newly mined material with lavender and pink banding and mossy inclusions

\$30.00/lb.

Chrysoprase, Large
Chrysoprase, Small
Contains a bright mint green coloring similar to varisite. It is harder than varisite and takes a bright mirror polish.

\$20.00/lb.
\$30.00/lb.

Agua Nueva Agate, Moss
Newly mined material with moss agate and some fortification possible.

\$15.00/lb.

Chrysocolla in Quartz
Massive Quartzite stained and impregnated with beautiful and bright blue Chrysocolla.

\$12.00/lb.

Agua Nueva Agate, Moss #2
Contains small pockets of pink, white, lavender, & pale yellow banded agate w/ gold, red, & white moss. The ratio of moss to agate is much higher; with most pieces contain primarily moss.

\$6.00/lb.

Coconut Geodes (Hollow)
Approximately 90% hollow. Centers may be quartz or agate lined with quartz crystals.

\$4.00/ea.

Agua Nueva Nodular Agate #3
Broken nodules with some quartz.

\$6.00/lb.

Coconut Geodes (Solid)
Centers may be solid quartz or a combination of agate and quartz

\$1.00/lb.

Apache Tears
Black obsidian with a white matrix coloring.

\$8.00/lb.

Gold Mountain Thundereggs
The thundereggs can contain water banding and features red, mauve, or black "webbing."

\$7.00/lb.

Binghamite
From Iron Range in Minnesota. It can have medium to dark purple color.

\$12.00/lb.

Condor Agate, Tesoro Escondido
Red and yellow with contrasting black and blue agate.

\$40.00/lb.

Blue Chalcedony Select
From Turkey, translucent blue, whole & broken nodules.

\$30.00/lb.

Coyomito Agate #2
Nodules with banding and possible pseudomorphic formations.

\$12.00/lb.

Blue Mustang Picture Jasper
Classic picture jasper with blue sky and tan hills.

\$5.00/lb.

Crazy Lace Agate
Reminiscent of old stock lace with tight pattern.

\$10.00/lb.

Botswana Agate, Select
The nodules will cut a full face specimen, and most will cut beautiful pairs. Nodules sized between 2" - 4".

\$12.00/lb.

Cripple Creek Picture Jasper
Displays gray, blue, brown, and tan colors.

\$8.00/lb.

Canadian River Plume Agate
Colorful plume agate with red, yellow, or black coloring.

\$12.50/lb.

Crystalline Geodes
Needle-like quartz crystals with possible scepters in a red matrix.

\$8.00/lb.

Rough Rock

Damu Jasper
Predominately blood red jasper with pale blue jasper with occasional pink and gold. This material does contain natural fracturing, lending itself as a wonderful cabbing rock.

\$15.00/lb.

Inca Agate
Whole or three-quarters whole nodules able to cut full patterns and range in size from 1" to 3".

**10lb. Lot
\$200.00**

Desert Sage Jasper
Fine grained, consistent gray-green jasper.

\$4.00/lb.

Indigo Gabbro
Displays a range of colors from indigo, purple, and black. It is also known by the trademark name of Mystic Merlinite.

\$8.00/lb.

Desert Sand Jasper
Fine grained, consistent jasper with tan scenic patterns.

\$4.00/lb.

Jafar Jasper
Wide bands of red, gold, green, and black jasper.

\$6.00/lb.

Eden Valley Petrified Wood
Broken pieces of petrified wood from Eden Valley, WY.

\$10.00/lb.

Janos Agate
A lens thunderegg, typically called a "Rainbow Agate" for its many colored bands.

\$12.00/lb.

El Blanco Agate
Nodules showcase very little color, but have great tight banding of clear, white, and lavender color.

\$10.00/lb.

Java Lace Agate
Gold & white lacy patterns with some baby blue areas.

\$7.50/lb.

Fancy Jasper
Green and gold opaque jasper with red streaks and spots.

\$3.00/lb.

Kambaba Jasper
Medium to forest green background with black circular formations

\$6.00/lb.

Grassy Mountain Petrified Wood
Displays red, blue, and gold colors. Not full rounds. From Oregon.

\$10.00/lb.

Labradorite
From Madagascar, select grade with color flash.

\$8.00/lb.

Graveyard Point Plume Agate (Classic)
White, yellow, or black plumes in translucent blue agate.

\$4.00/lb.

Laguna Agate, Alianza
Mixed nodules and pieces from Alianza.

\$12.00/lb.

Green Moss Agate
Translucent agate with more separation of moss inclusions.

\$7.50/lb.

Laguna Agate, Alianza #1
Nodules with fine banding.

\$35.00/lb.

Imperial Jasper, Mine Run
Mostly pink, mauve, green, and cream colors.

\$6.00/lb.

Laguna Agate, #2 & #3
Mixed broken nodules from the Alianza Claim.

\$5.00/lb.

Imperial Jasper, Pink
Pink, cream, and maroon in color.

\$4.00/lb.

Laguna Agate, Cabbing Grade
Brightly colored skins of broken nodules.

\$25.00/lb.

Imperial Jasper, Royal
Pink and green nodular jasper with white skins. Egg patterns are possible.

\$15.00/lb.

Laguna Agate, Mesquite
Nodular agate with blue and red coloring.

\$16.00/lb.

Rough Rock

Landscape Jasper **\$6.00/lb.**
From Madagascar, blue skies with brown hills, pink possible.

Obsidian, Mahogany **\$3.50/lb.**
Displays red and black coloring with a brilliant shine.

Leopardskin Jasper **\$7.50/lb.**
Small, orbicular patterns in a peach color with black outline. Color can vary as can pattern.

Obsidian, Rainbow **\$4.00/lb.**
Also called Heaven Eye; a black or deep brown Obsidian displaying iridescent bands of red, blue, gold, violet and/or green when polished and exposed to bright light.

Madagascar Dendritic Agate **\$5.00/lb.**
River worn nodules with dendrites, banding, or saginite.

Obsidian, Sheen **\$5.00/lb.**
Black obsidian with golden chatoyance.

Malawi Agate **\$35.00/lb.**
Commonly displays red and orange banding. Great for cabbing or small specimens. This agate has not been on the U.S. market for nearly 40 years.

Opal Butte Thundereggs **\$8.00/lb.**
Whole egg, may contain precious opal.

Malawi Agate - Babies **1lb. Lot \$12.00**
Commonly displays red and orange banding. Great for "candy dish" specimens

Owyhee Picture Jasper **\$20.00/lb.**
Displays blue-gray, yellow, brown, and maroon colors.

Montana Moss Agate **\$2.50/lb.**
Medium quality, "B" grade material.

Parcelas Agate **10lb. Lot \$200.00**
Purple and white banded agate. Sometimes gray banded agate and dotting can occur.

Montana Moss Agate **\$6.00/lb.**
Medium quality, large pieces.

Pink Botswana Agate **\$20.00/lb.**
Whole and broken nodules, and some pieces have been partially tumbled. Displays fantastic banding!

Mooka Jasper **\$6.00/lb.**
Creamy white, gold, burgundy, and purple jasper.

Pink Opal **\$20.00/lb.**
Tan to rhodochrosite-pink vein formation opal.

Moroccan Agate **\$6.00/lb.**
Cone shaped nodules with clear and white banding. Peach and red coloring possible.

Polka Dot Agate **\$10.00/lb.**
White and blue vein agate with tan spots.

Mushroom Rhyolite **\$5.00/lb.**
Green Rhyolite with gray mushroom like formations with red halos

Polychrome Jasper **\$6.00/lb.**
Pastel and tan jasper with a fish-scale like pattern.

Nevada Dendritic Agate **\$5.00/lb.**
Sold white agate with orange and gold colors. Black Dendritic patterns possible.

Porcelain Jasper **\$6.00/lb.**
Brecciated jasper with cream, purple and pink coloring.

Noreena Jasper **\$6.00/lb.**
Red and gold streaked grayish jasper. Blocky pieces.

Purple Passion, #2 **\$8.00/lb.**
Purple, pink and white banding with quartz.

Rough Rock

Rainbow Hickoryite \$4.50/lb.
Striped Hickoryite with pastel colors.

Salvia Chalcedony #3 \$6.00/lb.
Dark to grayish purples with red, black and green inclusions in a chalky white matrix.

Rainforest Jasper \$7.50/lb.
Multi-colored thunderegg orbs inclusions in a light green jasper.

Sarape Jasper \$6.00/lb.
A fairly new find containing a variety of colors and takes a high gloss polish.

Red Lace Agate (Laguna Lace) \$16.00/lb.
Lace agate with tight patterns and banding.

Scenic Jasper \$6.00/lb.
It displays red, green, pink, lavender, yellow, and black jasper.

Regency Rose Plume Agate \$10.00/lb.
Yellow and gold translucent agate with different colored plumes.

Septarian Nodules, Whole \$4.50/lb.
Whole nodules from Utah. Contains yellow calcite and Aragonite.

Regency Rose Plume Agate - Red \$15.00/lb.
An unusual variation of Regency Rose Plume Agate. The material has a high probability that it contains red plumes.

Sodalite \$8.00/lb.
Displays blue coloring with white veining. May include a small amount of quartz.

Rocky Butte Picture Jasper \$7.00/lb.
Colorful scenic jasper with brown, blue, green, and sometimes red coloring.

Sonora Dendritic \$12.00/lb.
Maroon dendrites on blue, tan, pink or orange and yellow background.

Rose Quartz \$5.00/lb.
From Madagascar, displays a light to medium pink color.

Spiderman Jasper \$6.00/lb.
Black brecciated jasper with delicate red webbing.

Ruby in Fuschite \$10.00/lb.
Ruby crystals in Fuschite, some white or blue halos around the rubies possible.

Sugar Geodes \$5.00/lb.
Small white to translucent "balled" quartz crystals, Fragile and easy to break.

Ruby in Kyanite \$8.00/lb.
Red rubies in green and blue kyanite.

Swazi Agate - Specimen Grade \$20.00/lb.
Whole and broken nodules, specimen grade material. Commonly displays gray and rose colored banding.

Ruby in Zoisite \$20.00/lb.
The natural combination of both ruby and zoisite crystals in a single specimen; Ruby in Zoisite is also heavily included with black minerals.

Swazi Agate - Cabbing Grade \$25.00/lb.
Broken nodule, cabbing grade material. Commonly displays gray and rose colored banding.

Salvia Chalcedony 1lb. Lot \$40.00/lb.
Gem quality Salvia Chalcedony in deep purples with minimal to no inclusions in a chalky white matrix. Pieces range from 1" to 3".

Swazi Agate \$8.00/lb.
#2 grade material. Commonly displays gray and rose colored banding.

Salvia Purple Chalcedony #2 5lb. Lot \$75.00/lb.
Deep to light purples with some red, black and green inclusions in a chalky white matrix. Pieces in lots range from 1" to 6". Great cabbing material with some pattern possible. Only available in pre-selected lots.

Tigereye, Gold, Select \$16.00/lb.
Gold banded coloring with iron and jasper inclusions.

Rough Rock

Tigereye, Variegated
Blue and gold banded coloring with iron and jasper inclusions.

\$8.00/lb.

Viper Jasper
Light cream background with dark red/purple webbing.

\$4.50/lb.

Tigeriron
Striped Red Jasper, Hematite, and Tigereye.

\$5.00/lb.

Wildhorse Picture Jasper
Contains blue, brown, and tan scenic patterns.

\$4.50/lb.

Trancas Geodes
Hollow geodes, with blue quartz crystals.

\$8.00/lb.

Willow Creek Jasper
White, gray, pink, and light green undulating patterns.

\$35.00/lb.

Turritella Agate
Tiny shells agatized in dark brown to black agate.

\$3.00/lb.

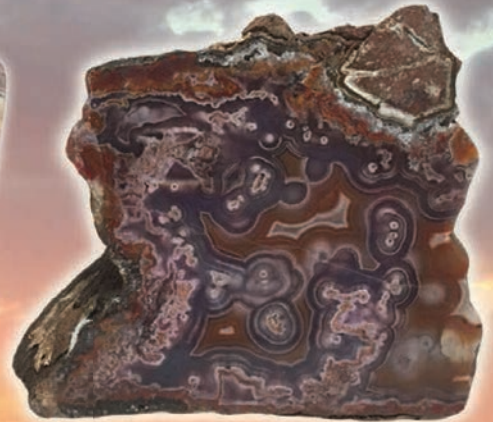

Wyoming Jade, Mixed
Mixed green, olive, pink, and sage coloring.

\$7.00/lb.

Hey Kids!

Fossil Hunt Contest

Get ready to practice your paleontology skills! The Gem Shop is holding a Fossil Hunt Contest for kids entering 1st through 8th grade. Grab your magnifying glass and search the earth for a fossil to identify, prepare, and submit to win exciting prizes!

Prizes!

A \$10 Gift Certificate will be awarded in the following Categories:

- *Best Fossil Shell
- *Best Fossil Coral
- *Best Fossil found by a 1st or 2nd grader
- *Best fossil found by a 3rd or 4th grader
- *Fossil Found Furthest from The Gem Shop
- *Fossil Found Closest to The Gem Shop
- *The Most Unusual Fossil
- *The Best Wisconsin Fossil

1st Place: \$50 Gift Certificate plus a Fossil Pine Cone

2nd Place: \$35 Gift Certificate plus an Opalescent Ammonite

3rd Place: \$15 Gift Certificate plus a piece of Fossil Amber

Contest runs every summer from June 1st - August 31st

Entry forms and details available at:
