the CAP1034.

**Designed for operations to or from
helidecks located in hostile sea areas.**

CAP1034 Life Vest, Dry Suit and EBS Combination

Working with Capewell Aerial Systems and Aqua Lung, Switlik has integrated the SEA LV2 CA-EBS into the Switlik survival ensemble consisting of the ETSO Pilot and Passenger Suits and the X-Back MOLLE+ Life Vest. Together, the ensemble is approved under ETSO 2C503, ETSO 2C504 and CAP1034 for use in helicopter operations to and from helidecks located in hostile sea areas.

X-Back Adjustment System

Unique U-Zip-IT low slung entry zipper design provides ease of donning, unassisted zipper closure and freedom of movement

ETSO 2c504 Compliant

Pockets on upper arm, thigh and ankle for storage

Floating buddy line, TSO approved strobe light & detachable spray hood

Reflective panels on arms and legs for visibility

Elbow, seat and knee abrasion patches for enhanced durability

Waterproof, breathable stretch socks attached

Switlik signature X-Back ergonomic design for superior comfort in the seated position

ETSO 2c504 approved

Permanently attached leg loops

Emergency compressed air

Hands-free operation

Custom sizing available for pilot suits.

Specifications Subject to Change Without Notice
