Attn.: Mr. Anthony Socias, Manager

Subject: TSO-C13d Life Preserver, P/N S-7200-( ), Model HV 35C Minor Change Request

Dear Mr. Socias,

The life preserver drawing S-7200-( ), has one minor change to it. This letter is being submitted to bring our records up to date.

Revision AK, dated 1/08, adds one new vest assembly S-7200-41. This new assembly uses the same inflatable cell assembly that is used in other previously approved units such as the S-7200-2. The cover has been modified to use a slightly different method of adjustment. These changes should be considered minor as they don't effect form or fit or function.

We hereby certify that these life preservers meet or exceed all the requirements of TSO C13d and will be manufactured under the strict quality control procedures on file with your Saddle Brook, New Jersey office.

Should you have any questions regarding this application, please don't hesitate to contact us.

Sincerely,

*Gus Fanjul*
