BEHIND THE BRAND

OUR STORY;

NXTRND is a football brand, mouth guard manufacturer, and online retailer based in the United States.

Founded in 2018 by two engineering students, NXTRND has grown from its humble beginnings into a full fledged football brand in just under 2 years. Their relentless work ethic, nonstop drive, and innovative designs have rapidly pushed them into the upper echelon of the impact sports industry.

WHAT MAKES NXTRND DIFFERENT;

We are the only manufacturer to exclusively and consistently mass produce 5 star rated mouth guards for highschool, college and professional level football players.

While other companies might also hold high level mouth guards, they tend to produce 4, 3, and even 2 star products catering to teams and athletes.

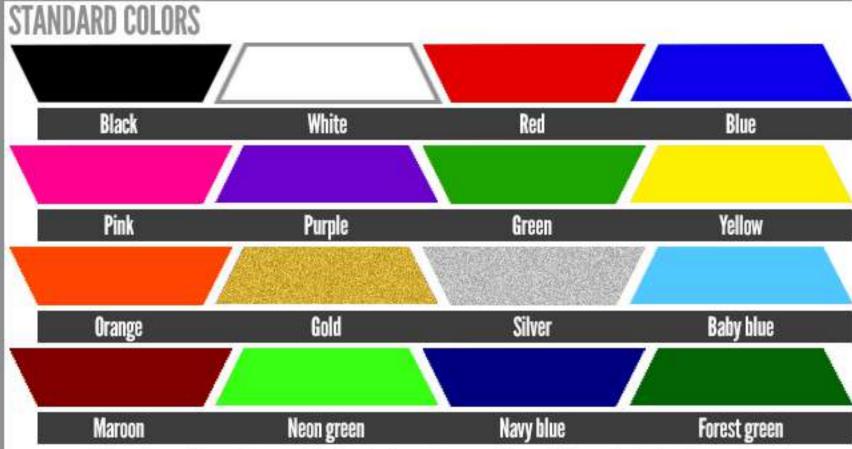

At NXTRND, we believe that all mouth guards should achieve top safety standards so that every athlete can take to the field knowing that their gear will withstand the test of time and allow them to excel at the game we all love.
