

Little Green Pouch® FUNDRAISING PROGRAM

OVERVIEW

Little Green Pouch believes in education and supporting opportunities for children to learn and grow. They are our future, after all. We also believe in teaching our children about caring for the environment and the importance of making healthy choices and knowing where our food comes from. **Partner with Little Green Pouch–It's the Green Way To Fundraise.**

THE NEED

We have experienced first hand, the many budget cuts on education at the state and local level. Many schools are short of funds to organize field trips, hire teachers, and update facilities. Schools are relying on fundraising to keep crucial programs in place including science, art and technology.

Little Green Pouch wants to help and support your school's fundraising efforts while also promoting and instilling the concept of recycling to the future generation. We welcome all other groups and organizations that have fundraising needs. Contact us to learn more.

EVENTS

Take the lemonade stand to the next level by hosting a Smoothie Stand at your next school event or after school. Fill Little Green Pouches with fresh made smoothies and sell them at your event.
