 - Glue stick - 138738
 - Bright pom poms - 165611
- Discover our Art & Crafts section on pages 250-274 of our catalogue for decoration ideas!

perfect as a father's day card!

how to: craft a paper shirt

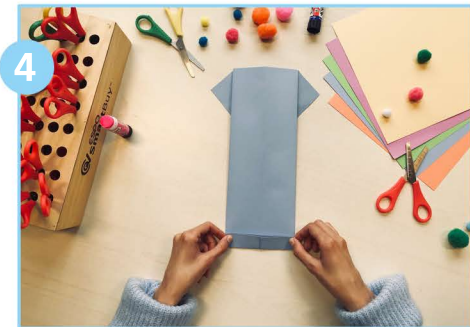

1 Fold your A4 piece of card in half, make a crease and open it out.

2 Fold the left side to the centre where you made a crease. Repeat this step with the right side.

3 Take the inner left corner of the card and fold it back. Repeat this step with the right side.

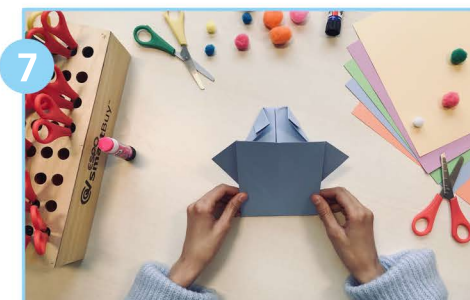

4 Flip the card over and fold the bottom up around 1.5cm.

5 Flip the card over again and fold the bottom corners to the centre around 3cm up to form the collar.

6 Rotate the entire card 180 degrees.

7 Bring the bottom up to the top, tuck it under the collar flaps and make a crease at the bottom.

8 Decorate your shirt however you like, maybe try a tie or buttons.

Be sure to tag your designs to @eduzoneLtd on Instagram - we'd love to see them.
