

how to

pinecone owls

You will need...

- Pinecones
- Pipe cleaners
- Felt
- Scissors
- Glue

super easy to make

1. Using the coloured felt, cut out two large teardrop shapes and ovals to make the owl's wings face and chest.
2. Cut out two small circles for the eyes, a crown as well as a small teardrop shape for the beak.
3. Glue the cut-out pieces together and stick onto the pinecone.
4. Cut a pipe cleaner into three pieces and twist at one end to create a foot, repeat this for the other foot and glue to the bottom to create your very own pinecone owls.
