Hermitex® industrial wipes are fabrics of choice for your mission critical applications.

MEDNIK RIVERBEND'S WIPES have been engineered and manufactured to meet the aerospace industry's stringent requirements. With products strong enough to withstand industrial wiping and polishing operations using solvents, we are known for quality, strength, and innovation—plus affordability even for the tightest budget! They are part of our key **PRECISION PERFORMANCE LINE** offering that satisfies the most critical wiping needs.

HERMITEX® wipes are manufactured from 100% purified cotton fibers and contains no silicone. It's bright white, high-quality, cotton fibers are low-lint and non-abrasive, yet strong enough to withstand industrial wiping and polishing operations utilizing solvents. The textured weave of **HERMITEX®** provides more surface area for trapping contaminants and moisture, resulting in absorbency of more than 400 times its dry weight in liquids. Mednik Riverbend is a leading source for this high-quality wiper.
