

Precision Solution Wipes

A DIY DISPOSABLE WIPER AND BUCKET SYSTEM that allows end-users to add their own chemical to create a custom pre-moistened wipe. The material has excellent strength and absorbency with low lint properties and easy dispensing. Providing an ideal material for heavy-duty cleaning and disinfecting, wiping, degreasing, and surface preparation. From oils to stains to the liquid of your choice, our PSWs allow for economical and versatile usages.

COMPARABLE TO: Kimberley Clark KIMTECH® WETTASK®
Georgia Pacific Brawny Industrial® Accuwipe®
