Overbed Tables

Oak without castors

Walnut with castors

The **Alerta Overbed Table** provides easy access to everyday conveniences for users seated in a bed, chair or wheelchair. It is finished in oak or walnut and comes with or without castors. The table has a laminate top with two adjusting points which allows both height and tilt adjustment and comes with raised edges to prevent items slipping off.

TECHNICAL SPECIFICATION

- > Max weight capacity: 10kg
- > Height adjustment range: 64-97cm
- > Table top dimensions: 61 x 40cm
- > Max Tilt angle: 34°

Bed Safety Bumpers

Alerta Medical bed protection is made with PU (Polyurethane Fabric) instead of PVC due to risks of Phthalates with PVC. PU is safer and higher quality, breathable and serves a longer lifetime.

ALT-112 - 2 Bar Rail Bumpers with Netting

The Alerta Bumpers with Net Inserts are designed to zip onto side rails, providing protection for users in bed.

Net inserts are centred between the bed rails to improve visibility between each side rail, reducing the feeling of entrapment.

Suitable for profiling beds with 2 side rails.

Also available in 20cm extended - code: ALT-115

ALT-113 - 3 Bar Rail Bumpers with Netting

The Alerta Bumpers with Net Inserts are designed to zip onto side rails, providing protection for users in bed.

Net inserts are centred between the bed rails to improve visibility between each side rail, reducing the feeling of entrapment.

Suitable for profiling beds with 2 side rails and an additional 3rd high side rail attached.

ALT-114 - Full Length Bed Rail Bumpers

The Alerta Full Length Bed Rail Bumpers are designed to fit onto standard height wooden side rails, providing protection for users in bed.

Suitable for profiling beds with 2 side rails.

BREATHABLE | IMPERMEABLE | DURABLE | ANTIBACTERIAL

ALT-116 - Alerta Safety Side Wedge Set is designed to protect those in care and help keep them comfortably positioned in bed. Made from high density foam with a wipe clean PU cover, it has a draw sheet and two built-in straps that secure the wedge set to the bed. 2 sets can be used down the length of the bed for extra protection if required.

KEY FEATURES & BENEFITS

- > Safety wedge
- > Draw sheet included
- > Wipe clean fabric
- > Straps for securing to the bed
- > 99cm wide x 94cm long x 20cm high

CARE INSTRUCTIONS

- > Wipe down with a mild detergent or sterilising fluid
- > **Do not use bleach or biological cleaners**
- > **Do not iron**
- > **Do not use fabric softeners**

ALT-117 - Alerta Head & Foot Board Protector is designed to protect those in care from hard head and foot boards on their care bed. Made from a wipe clean fabric, each bumper is tapered to allow for tracking side rails and is easy to fit. Use in conjunction with side bumpers to create a comprehensive bed safety system.

KEY FEATURES & BENEFITS

- > Safety padding
- > 105cm wide
- > 58cm high
- > Wipe clean fabric
- > Tapered for neat side rail use
- > Use with Alerta side bumpers for all round protection

CARE INSTRUCTIONS

- > Wipe down with a mild detergent or sterilising fluid
- > **Do not use bleach or biological cleaners**
- > **Do not iron**
- > **Do not use fabric softeners**

BREATHABLE | IMPERMEABLE | DURABLE | ANTIBACTERIAL

Crash Mat & Evacuation

ALT-103 – Folding Crash Mat

The **Alerta Crash Mat** is designed to be placed next to the bed to minimise injury if the user should fall from bed. The mat incorporates triple fold design for easy storage and carry handles for ease of transport.

Alerta Crash Mat is quick and easy to position and benefits from a PU wipe clean surface. When unfolded the mat is 190cm long x 60cm wide x 6cm high.

ALT-E001 – Evacuation Sheet

The **Alerta Evacuation Sheet** fixes permanently to the underside of a flexible foam mattress by means of strong elastics. It has safety belts to hold the user on the mattress and pulling straps at each end.

The combination of slippery sheet and flexible mattress will allow controlled and easy access through doorways and down stairs.

Wall mounted zip storage bag

ALT-E002 – Evacuation Sledge

The **Alerta Evacuation Sledge** is used for transporting a user to safety during an evacuation. The user is placed on the sledge, secured with the chest and leg straps and pulled to safety using the straps at each end.

The flexible sledge and slippery underneath will allow controlled and easy access through doorways and down stairs.
