

Chair scale KERN MCC

Ergonomically optimised chair scale – approved as a medical device and with EC type approval class III for professional use in medical diagnostics

Your KERN specialist dealer

Features

- Verification class III (verification is optional)
- Approved as a medical device according to 93/42/EEC
- Mobile version with particularly convenient locking brakes on all four wheels
- With its four wheels, this chair provides maximum mobility in bringing the scale to the patient. This ensures more efficient use of time for the clinic staff and greater safety for the patients, who can be weighed in their familiar environment
- 1 The four steerable rollers, with their large diameter, make it easier to get over door thresholds, edges and across the gaps into elevators. All four rollers can be locked individually and securely
- This chair scale is the ideal measuring instrument for retirement homes, rehabilitation centres and clinics with lots of patients, and can handle weighing overweight persons weighing up to 250 kg

- For fragile patients, the comfortable, ergonomically optimised seat offers secure support during weighing
- Ideally suited for use with dementia patients, because of the clearly contrasting black colour of the seating surface, footrests and armrest
- 2 Two foldable armrests and footrests make transfers into the chair easier. Ideal for overweight patients or barrier-free use, e.g. for transfers from a bed to the scale
- Ergonomically positioned carrying handles
- Data hold function: When the weighing value remains unchanged the weight indicated on the display is automatically "frozen" for 10 sec. until the HOLD key is pressed. This leaves sufficient time to read the weight in peace
- High resolution readout: Readout [d] for 5 sec. increased by one decimal place at the touch of a key

Technical data

- 1 Practical mains adapter pouch on the back of the chair as well as mains adapter (external) supplied as standard
- 4 Large backlit LCD display with digit height 25 mm
- Dimensions of display device WxDxH 200x128x55 mm
- Overall dimensions WxDxH 625x990x985 mm
- Rechargeable battery pack internal, standard, operating time up to 40 h without backlight, charging time approx. 12 h
- Battery operation possible, 6 x 1,5V AA, not included, operating time up to 20 h
- Net weight approx. 22 kg

Accessories

- Cleaning cloths, alcohol-free cloths for wipe disinfectant. Fulfill the legal requirements for occupational safety in accordance with TRGS 525/540. Packaging contents 80 pcs., size 20x22 cm per cloth, KERN MYC-01
