### ABOUT OUR PRODUCTS

Thank you! We appreciate your purchase and hope you enjoy your FROM THE SOURCE (FTSNY) furnishings for many years to come.

- FTSNY products are designed using solid wood and natural materials. Our products celebrate the uniqueness and individual differences that occur naturally. These differences can be seen in our material's character, color, and texture.
- FTSNY products are handmade and reflect their craftsmanship.
- Natural materials expand and contract as humidity levels and temperatures change. These seasonal changes may result in minor cracks. Such cracks are a natural occurrence and rarely affects the structure of the product. Sudden changes of temperature or humidity levels may accelerate the movement of the wood. If for any reason the movement in the wood affects the structural integrity of the piece, FTSNY will cover the cost of repair.
- Sudden change of temperature or humidity level may increase the risk of expansion. Outdoor furniture will fade naturally over time to a silvery gray color.
- For full Care Instruction, Please visit our website.
