CACHE MEDIA CABINET

- Cache is a multi-functional media cabinet. Long boards are used throughout door fronts for a continuous luxury look. Doors use soft push to open mechanism. Space at the bottom allows to remote control electronics. The back is made of wide slats to allow for wire management and air circulation.

- The middle section is a generous drawer measuring 16.5 x 17 x 9 in deep, with a smaller hidden drawer that is great for valuables or remotes, measuring 16.5 x 16 x 3 in deep. Drawers run on soft closing glides. There's one adjustable shelf on each side.

- Clear finish.

- Legs are purchased separately. We recommend Corvus or Reef legs in the heights 5 - 15 in.

- All wood is sustainably sourced from local plantations. Hand made in Central Java, Indonesia.

Dimensions without legs:

WIDTH: 60 in

DEPTH: 21 in

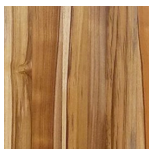

HEIGHT: 18 in

2023 Finishes:

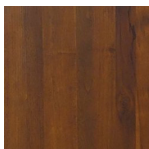

- Teak Natural (TN)

- Teak Tinted (TT)

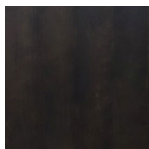

- Mango Oxidized (G3)
