## CANYON RECTANGULAR WALL MIRROR

- The most unique wood "rejects" find a new life in this state of the art wall mirror. Each board that adorns the front is one of a kind and has been artistically selected to frame the mirror.
- This product is a part of our environmental initiative and uses left over factory wood.
- Clear finish.
- The back features a wood cleat hanging system. The mirror can be hung horizontally or vertically.
- Mirror comes with drywall anchors and screws.
- Also available in a round version.
- All wood is sustainably sourced from local plantations. Hand made in Central Java, Indonesia.
