FLYTE SIT TO STAND BASE

- FLYTE base is compatible with 3 of our standard solid wood tabletops that are 1.6 in thick: 30 x 48 in, 32 x 60 in, 36 x 72 in. The smallest top size that can be used on the base is 27 x 42 in and the largest is 36 x 72 in.
- Electric Dual - Motor system with 4 programmable memory height presets.
- Anti-collision feature that senses items under the desk and stops the motor.
- 220 lb load capacity.
- UL - certified, 60 in long cord.
- LED control display, one-touch controls for height adjustment. The base will raise or lower smoothly and stop when the button is released.
- Available in black or white powdercoated steel.
- Wire ties to manage cable under the trestle are included.
- Assembly required. Shipping box 35.5 x 10 x 8.5, 70 lb
