GRASSHOPPER CITY LOUNGE CHAIR

- City lounge chair is an occasional chair version made for those who don't want to compromise ultimate comfort in tight city spaces. Grasshopper chair frame is constructed from solid wood using traditional mortise and tenon joinery, and various webbing material gives the seat its firm yet flexible base.
- Available in multiple material options, some webbing is suitable for outdoor use. Natural leather is for indoors only and will acquire darker patina overtime.
- Floor protection features sturdy nylon glides.
- Grasshopper seating collection includes other matching styles.
- All wood is sustainably sourced from local plantations. Hand made in Central Java, Indonesia.
