KALI HEADBOARD FULL / QUEEN / KING

- Kali is our signature solid wood design made with hand-selected and artistically matched solid hard wood boards that are assembled with finger joints. "Kali" means "river" in Indonesian, which is interpreted as flowing live edges. Each edge is as unique as the grain of the wood from the trees.

- The headboard is universally designed to match a variety of bed styles when mounted to the wall. Drywall anchors and screws are provided.

- The headboard can also be attached to the Elate bed frame using specialty brackets (sold separately).

- All wood is sustainably sourced from local plantations. Hand made in Central Java, Indonesia.
