## KUMIKI BAR STOOL

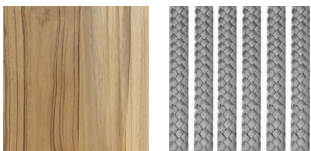

- Kumiki seating collection exemplifies Japanese minimalism and precision with its interlocking square wooden frame and simple woven seat. The frame features traditional mortise and tenon joinery. The rope provides supportive seat with plenty of comfort.
- Outdoor grade item, clear matte finish.
- Non-stackable frame.
- Also available in a version with rattan seat for indoor; as a dining chair and a counter stool.
- All wood is sustainably sourced from local plantations. Hand made in Central Java, Indonesia.
