LANCAR 5-DOOR CABINET

- Lancar is a storage collection made of recycled oil barrels as a part of our sustainable initiative. Each unit features hand assembled metal panels, welded onto an iron frame. Surfaces carry character of their original texture that is artistically preserved to make each unit unique.

- This unit features 5 equally sized compartments behind swing doors. Inside dimensions of each compartment are approximately 17 W x 12.5 H x 15 D in.

- Doors have iron pulls and magnet catches.

- Clear finish. Not recommended for humid areas.

- Also available in other sizes.

- This unit must be attached to the wall to prevent tipping. Anti-tip kits are available for purchase.

- Hand made in Central Java, Indonesia.

WIDTH: 18 in
