MIKA LEANING BOOKCASE

- Mika is a leaning shelving unit. Its minimal clean design allows to highlight the items on display.
- Metal frame sandwiches the solid wood shelves and can be disassembled for transportation or storage.
- Clear finished for indoor use only.
- The unit is equipped with leveling feet.
- This unit must be leveled and attached to the wall with the brackets provided. Each shelf must touch the wall at the back. Failure to do so may result in personal and property injuries. Do not use the unit as a ladder.
- Mika collection also has a desk which aligns well with shelving if placed side by side to create a continuous space.
- All wood is sustainably sourced from local plantations. Hand made in Central Java, Indonesia.
