PELE BAR STOOL

- Pele is a stool from the vibrant family of products that are made of recycled oil barrel material as a part of our sustainable initiative. Each one features artistically composed unique color pattern of the original barrels. Some lettering and logos are also preserved where it suits.
- Subtle texture on surfaces carries the character of the handformed process.
- Clear finish for indoor use.
- Plastic floor glides.
- Also available in as a counter stool, dining chair, armchair and an occasional lounge chair.
- Hand made in Central Java, Indonesia.

WIDTH: 17.75 in
