REKAL DAYBED

- Rekal is an extendable solid wood daybed that transforms from a single to a double sleeper by pulling a section out. Cushions can be arranged side by side when the bed is extended and stacked when it's folded.

- Each cushion size is 30 x 80 x 4 in, fill is high density foam, covers are 100% polyester.

- Plastics glides provide floor protection.

- Natural finish for indoor use only.

- All wood is sustainably sourced from local plantations. Hand made in Central Java, Indonesia.

LENGTH: 91.5 in

WIDTH:
