## STAX BAR STOOL

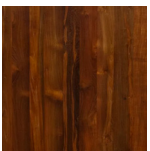

- Stax is a minimal stool in modern industrial style that combines a clear iron frame and solid wood seat. The seat is made of reclaimed teak that has been recovered from building sites in Indonesia, and has soft rustic texture preserved on the surface.
- This stool is stackable.
- Also available in counter and dining versions.
- Indoor grade clear finish.
- All wood is sustainably sourced from local plantations. Hand made in Central Java, Indonesia.
